

About the license

The Visual Access Controls library is licensed by domain name and server name. With the Free Trial version you will receive the full version with all functionalities and no expiration date however you can only use it with **localhost** websites (i.e. [http://localhost/...](http://localhost/))

Edit web.config to add the license key if you received it by email:

```
<appSettings>  
  <add key="VisualAccessControlsLicenseKey" value="License_Key_Goes_Here" />  
</appSettings>
```

By installing or using our product you agree to our [End User License Agreement](#).

You can purchase domain specific license key for unlimited number of users and no expiration date at <https://www.visualaccesscontrol.com>
