

**Bucks County Screensaver  
version 1.0**

**About this screensaver:**

Bucks County, Pennsylvania is one of America's most scenic and historic regions. With beautiful rolling hills, farms, covered bridges, and charming small towns, it has long been a destination for those seeking a glimpse into bygone days. While the area is currently experiencing the scourges of [Suburban Sprawl](#), it has still retained much of its bucolic character.

This screensaver contains 50 color and black & white photographs showing various scenes throughout the County. It is available for both Macintosh OS X and Windows 98/ME/2000/XP and is available as a free download.

**How to install:**

To install this screen saver, double click on the screen saver installer icon and then choose "Install". You may also preview this screensaver first by choosing the "Run" button.
