## Welcome to CEAS

---

**Code Editor And Sharer** is a unique program that will help you program and share your code with others, the thing that makes this program stand out from other programming tools is that it's not only a powerful programming tool, you can also easily export all your code created in a language into 1 distributable file.

This means that if you are programming in PHP and you are creating a code that will let people upload files to your server, but you are also creating a contact form, then you can just save this as "code snippet" in different folders under the same language (upload, form) select these folders and click export. You now have 1 file containing all your code that you can easily distribute to friends, family or online, you can even sell your code to other users of **Code Editor And Sharer**.

## About CEAS

**Code Editor And Sharer** is a unique program that will help you program and share your code with others, the thing that makes this program stand out from other programming tools is that it's not only a powerful programming tool, you can also easily export all your code created in a language into 1 distributable file.

This means that if you are programming in PHP and you are creating a code that will let people upload files to your server, but you are also creating a contact form, then you can just save this as "code snippet" in different folders under the same language (upload, form) select these folders and click export. You now have 1 file containing all your code that you can easily distribute to friends,

family or online, you can even sell your code to other users of **Code Editor And Sharer**.

## System requirements

You will need 128MB RAM or more. The operating system should be Windows XP, Windows Vista or Windows 7. Microsoft .NET Framework 3.5 must also be installed.

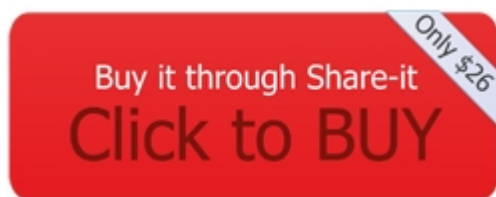

## Getting help

If you need help, have questions or like to send us a translation of the program, please contact us through our support system at: <http://www.emtec.no/support>

## How to buy

1. The full version of Code Editor And Sharer costs US\$ 26
2. The registration is handled by an independent company named Share-It/Element5. They are specialists in program registration and have many payment options, including credit card, check, cash or mail order.
3. After you have paid you will receive an e-mail with registration instructions for the full version.  
This e-mail contains a serial number. This e-mail will usually be sent to you in 48 hour, even on holidays and weekends.  
Please keep a copy of the e-mail.

4. US and Canadian customers may also place their order by calling Share-It/Element5's toll-free order number:  
1-800-903-4152  
(available on weekdays from 9am to 5pm Eastern time).
5. European customers can call Share-It/Element5's hotline number in Germany:  
+49 221 31088-20  
and fax  
+49 221 31088 29
6. Remember that the program number for:  
Code Editor And Sharer is: 300581812  
if asked for.

## Main Features

- 1). Export all your code files in 1 file for easy distribution.
- 2). Share your files with friends, family or maybe you want to sell your code online. It's up to you!
- 3). Save all your code in the program for easy access, export it with one click.

4). Pick the coloring you like for your code (this is set automatically for the standard code)

5). Save your code as "code snippet" to save it in the program ready for export, or just save it as html, php etc. for upload to your server.

6). You can save anything in the program like code, recipes, user guides, manuals etc. and distribute/sell it to other users of the program.

7). Program and create web pages in almost any language.

8). Multi-language support.

9). Easy step by step windows for fast creation of forms, list box, drop down list etc.

10). Open all types of text based code files like:

1) Code languages

- PHP
- JavaScript
- ASP
- CSharp
- CSS
- VB
- SQL
- XML
- You can also open other languages, but it will not be 100% supported by the code coloring system.

2) Files

- The program support all types of text based files as long as the files are not encoded.
- The program is opening the most used code file endings like html, php etc. by default, but you can also add your own file types.

## End User License Agreement

**End-User License Agreement for Code Editor And Sharer ("Software")**  
**Copyright (c) 1998 - 2013 Emtec.NO, INC**  
**All Rights Reserved.**

**BY INSTALLING AND/OR USING THIS SOFTWARE YOU AGREE TO THE FOLLOWING LICENSE:**

### **DEFINITIONS**

"You" and "Licensee" refers to the person, entity or organization which is using the Software known as "Code Editor And Sharer", and any successor or assignee of same.

"Emtec.NO" refers to Emtec.NO, Inc. and its successors, or manufacturer and owner of this Software.

### **AGREEMENT**

After reading this agreement carefully, if you ("Customer") do not agree to all of the terms of this agreement, you may not use this Software. Unless you have a different license agreement signed by Emtec.NO that covers this copy of the Software, your use of this Software indicates your acceptance of this license agreement and warranty. All updates to the Software shall be considered part of the Software and subject to the terms of this Agreement. Changes to this Agreement may accompany updates to the Software, in which case by installing such update Customer accepts the terms of the Agreement as changed. The Agreement is not otherwise subject to addition, amendment, modification, or exception unless in writing signed by an officer of both Customer and Emtec.NO.

If you do not wish to agree to the terms of this Agreement, do not install or use this Software.

### **1. OWNERSHIP OF SOFTWARE AND COPYRIGHTS.**

The Software is copyrighted and protected by the laws of the United States and other countries, and international treaty provisions. You may not remove any copyright notices from the Software.

Emtec.NO may make changes to the Software at any time without notice, but is not obligated to support or update the Software.

Except as otherwise expressly provided, Emtec.NO grants no express or implied right under Emtec.NO patents, copyrights, trademarks, or other intellectual property rights. You may transfer the Software only if the recipient agrees to be fully bound by these terms and if you retain no copies of the Software.

### **2. GRANT OF LICENSE AND PROHIBITIONS.**

Title to all copies of the Software remains with Emtec.NO.

This Software is licensed to you. You are not obtaining title to the Software or any copyrights. You may not sublicense, rent, lease, convey, translate, decompile, or disassemble the Software for any purpose.

The license may be transferred to another Licensee if you keep no copies of the Software. Permission must be obtained before mirroring or redistributing the evaluation copies of the Software.

You may not convert this Software or its parts to a different computer language or environment, either manually, or using an automated conversion tool, such that this Software or any modification thereof will run under any language, software, or program other than implemented by Emtec.NO. You agree that any modifications made to this Software belong to Emtec.NO and are permitted for your exclusive use during the period of this License Agreement, and may not be transferred, sold or licensed to another entity.

### **3. USE AND EVALUATION PERIOD.**

You may install and use one copy of this Software on one client computer. Subsequent installations require you to obtain additional licenses unless you are transferring this Software to another computer.

You may not network this Software or otherwise use it on more than one computer or computer terminal at one time.

You may not lease or otherwise rent the Software, but you may transfer the Software on a permanent basis provided the recipient agrees to the terms of this Agreement.

You may not sublicense or permit simultaneous use of the Software by more than one user.

If you are evaluating this software, you may use an evaluation copy during the evaluation period in order to determine whether to purchase this Software. After your evaluation license has expired, you may purchase your license of the Software.

### **4. UPDATES AND ONLINE USE.**

You acknowledge and approve that components of the Software may be modified, extended, or added via an online update method selected via options provided within the Software.

You acknowledge and approve that as part of the online update process the components of the Software may be scaled down or removed by Emtec.NO due to technical or legal reasons.

### **5. LIMITED WARRANTY.**

THE SOFTWARE IS PROVIDED AS IS AND EMTEC.NO DISCLAIMS ALL WARRANTIES RELATING TO THIS SOFTWARE, WHETHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

### **6. LIMITATION ON CONSEQUENTIAL DAMAGES.**

NEITHER EMTEC.NO NOR ANYONE INVOLVED IN THE CREATION, PRODUCTION, OR DELIVERY OF THIS SOFTWARE SHALL BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, OR INCIDENTAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE SUCH SOFTWARE EVEN IF EMTEC.NO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR CLAIMS. IN NO EVENT SHALL EMTEC.NO'S LIABILITY FOR ANY DAMAGES EXCEED THE PRICE PAID FOR THE LICENSE TO USE THE SOFTWARE, REGARDLESS OF THE FORM OF CLAIM. THE PERSON USING THE SOFTWARE BEARS ALL RISK AS TO THE QUALITY AND **PERFORMANCE OF THE SOFTWARE.**

IN NO EVENT WILL EMTEC.NO BE LIABLE FOR ANY AMOUNT GREATER THAN WHAT YOU ACTUALLY PAID FOR THE SOFTWARE.

## **7. TERMINATION.**

This Agreement is effective until terminated.

This Agreement terminates on the date of the first occurrence of either of the following events: (1) The expiration of one month from written notice of termination from Customer to Emtec.NO; or (2) At any time if you violate the terms of this Agreement.

Upon termination you shall destroy the written materials and all copies of the Software, including modified copies, if any.

You agree that monetary damages alone is not an adequate and just relief resulting from any breach of this License, that a court order prohibiting any further breach of this License is necessary to prevent further damages, and that you will not oppose any reasonable request for a temporary restraining order, preliminary injunction, or other relief sought by Emtec.NO in the event of a breach of this License.

Emtec.NO shall not be required to notify you of any breach, nor make any demand or claim against you resulting from any such breach, or for a demand to stop any use or distribution in violation of the terms of this License, and you agree that any breach of this License and damages resulting therefrom shall relate back to the first and earliest breach thereof. Failure of Emtec.NO to enforce its rights pursuant to this License shall not constitute a waiver of such rights, and shall not prejudice Emtec.NO in any later enforcement of its rights or rights to seek damages therefrom.

## **8. UPGRADES.**

If you acquired this Software as an upgrade of a previous version, this Agreement replaces and supercedes any prior Agreements. You may continue to use the previous version of the Software, provided that both the previous version and the upgrade are installed on the same computer at all times. You may not have a previous version and the related upgrade version installed on separate computers at any time.

## **9. ENTIRE AGREEMENT**

This End-User Agreement is the entire agreement between you and Emtec.NO relating to the Licensed Software, and supercedes all prior written or oral statements, promises, representations and agreements.

## Quick start guides

<a href="#">Main Features</a>	<a href="#">Import A CEF File</a>		<a href="#">End User License Agreement</a>
<a href="#">End User License Agreement</a>	<a href="#">Using Tags</a>		
	<a href="#">Adding Color To Your New Language</a>	<a href="#">FAQ and troubleshooting</a>	
	<a href="#">Change The Language Colors</a>		
	<a href="#">Save code as code snippet</a>	<a href="#">Overview of the user interface</a>	

## Register The Product

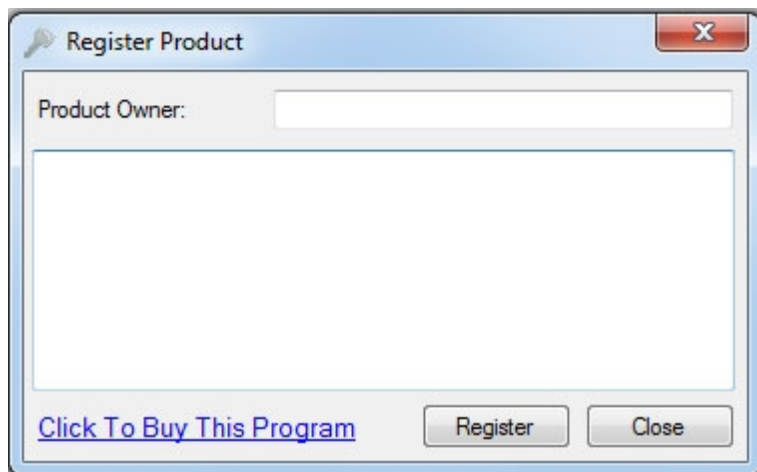

**You can register the product like this:**

1. Click on "Click To Buy This Program"
2. After you have payed and gotten your serial number you can click on "Register", you can also do that under "Help / Register"

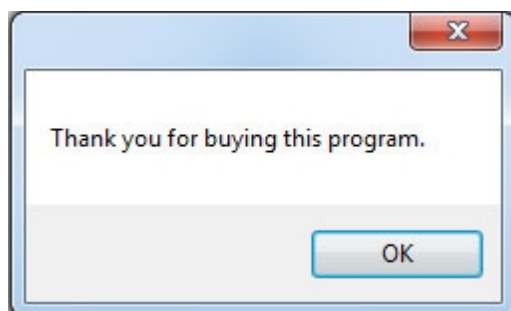

**Enter your registration information in this form:**

1. Enter the name in the "Product Owner" field.
2. Enter the serial code in the other field and click "Register".

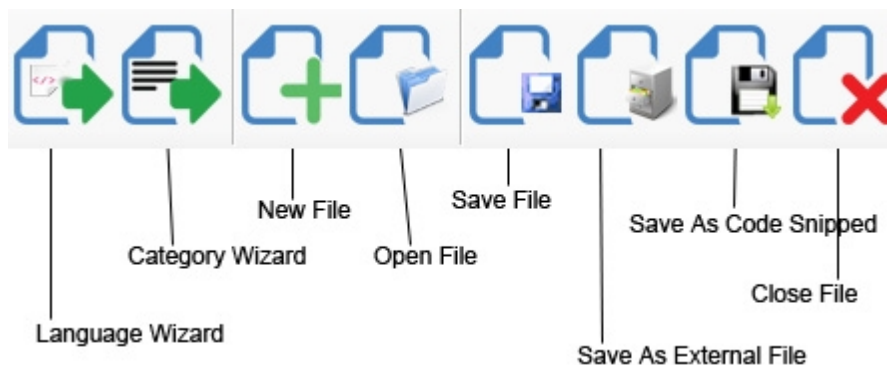

**If the code is correct you should get this message:**

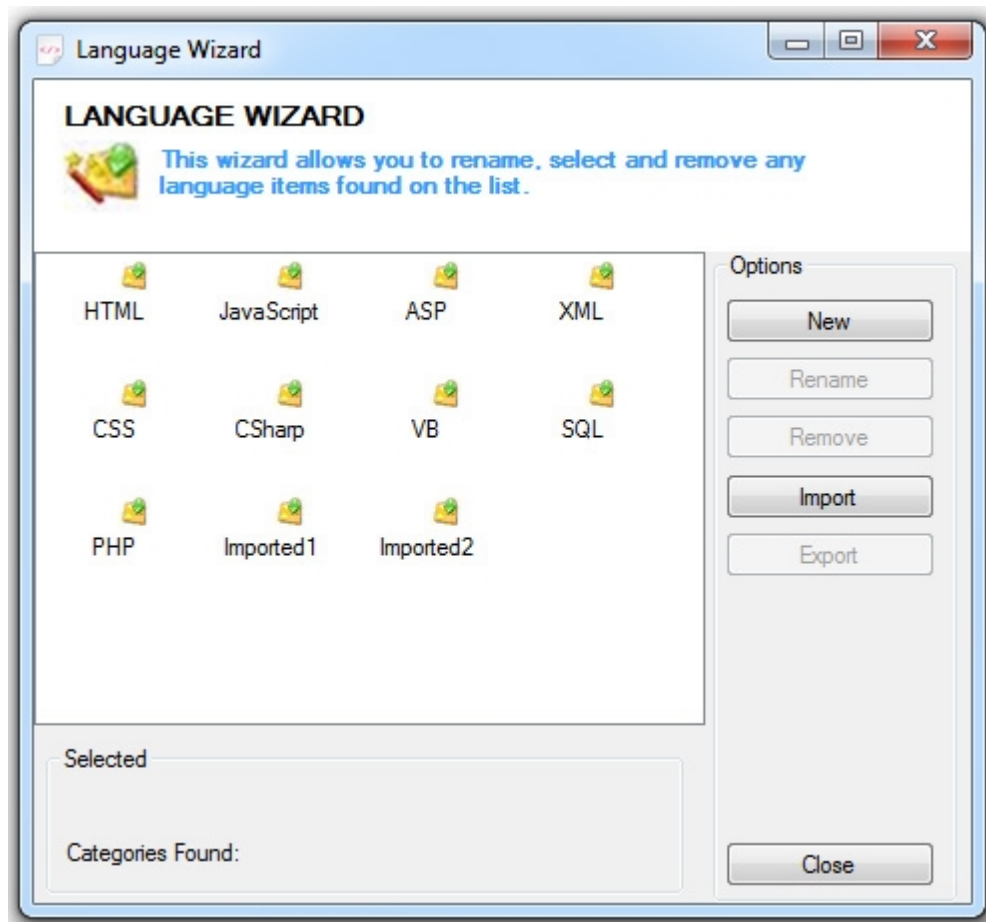

## Create A New Language

**Click on "language Wizard":**

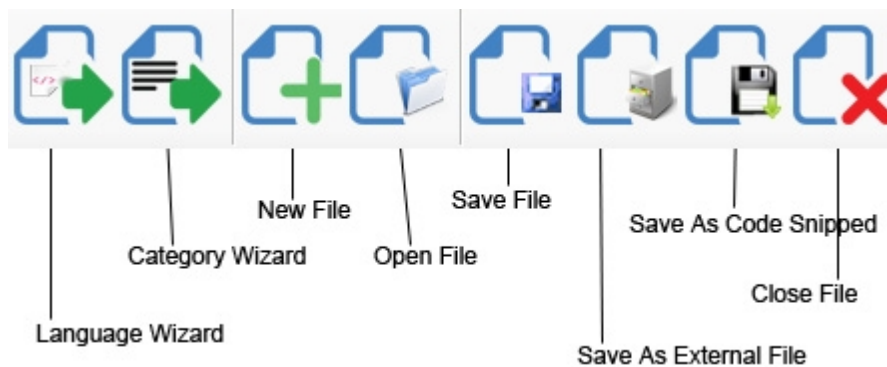

**Click on "New" to create a new language:**

1. You can also rename a language by selecting it and clicking on "Rename" (Do not do this with the standard languages, only the languages you create).
2. By selecting a language and clicking on "Export", you can export all the files and code in the selected language.
3. If you like to import a new language (cef file) that you have downloaded from the web or gotten from your friends, click on "Import".

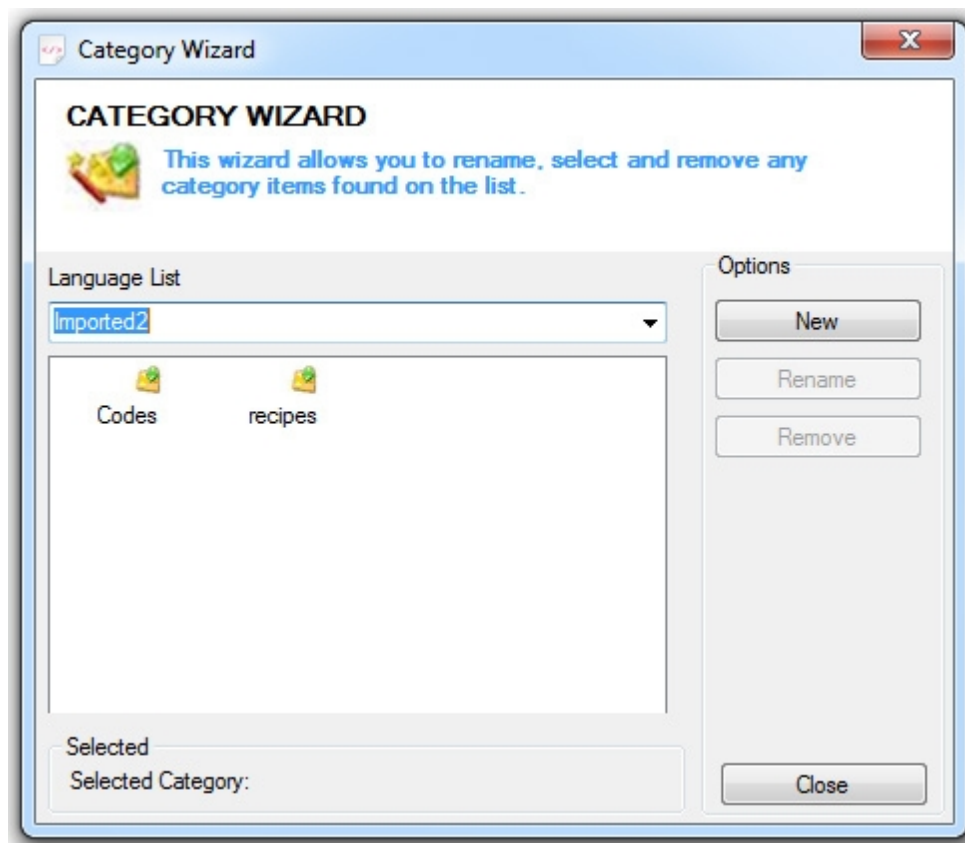

## Create A New Category

Click on "Category Wizard":

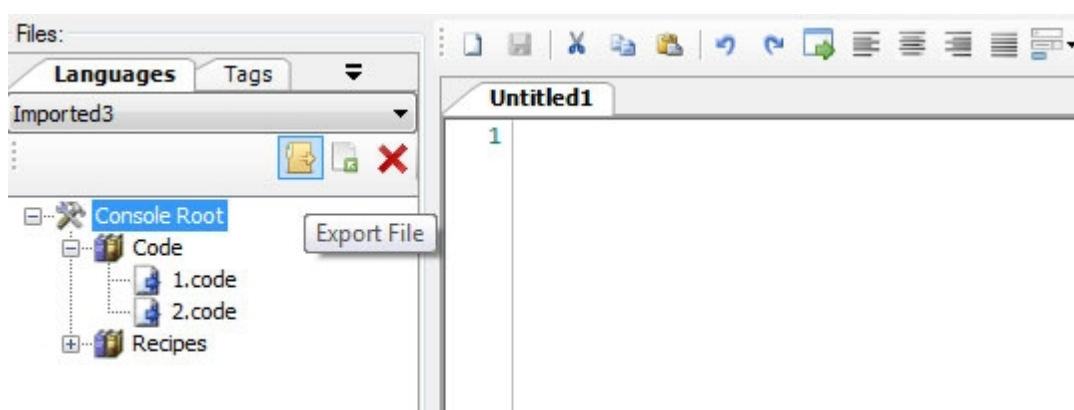

**Select language and Click on "New" to add a new folder to your language:**

1. To Rename or Remove a folder, you just have to select this folder and click the preferred button.

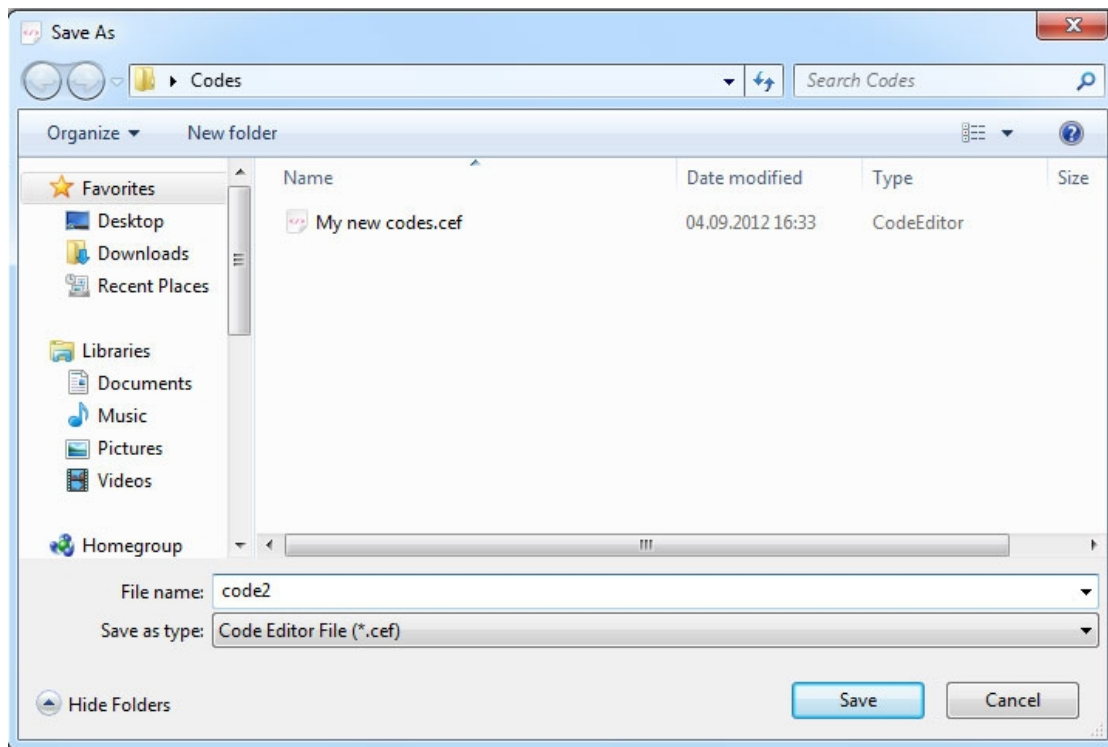

## Export Your Code

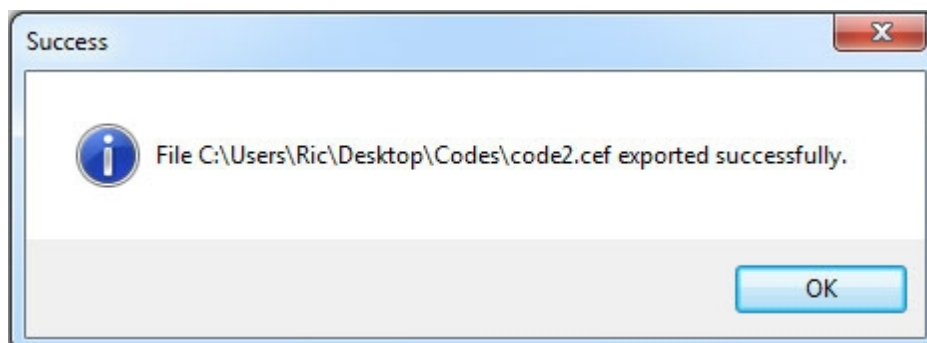

Click on "Language" and then on "Export File" in the Files menu on the left:

Save your code, you can now distribute it online or to your friends:

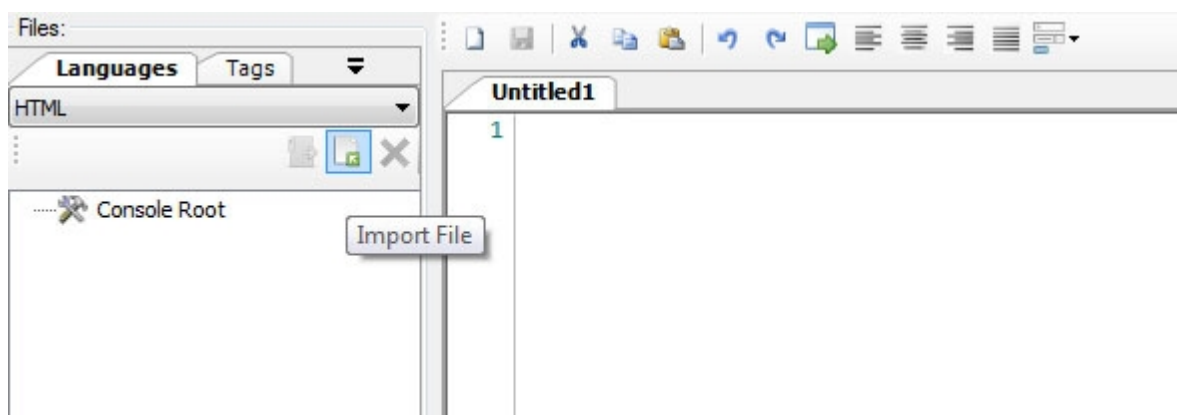

**If the file is exported successfully you will get this message:**

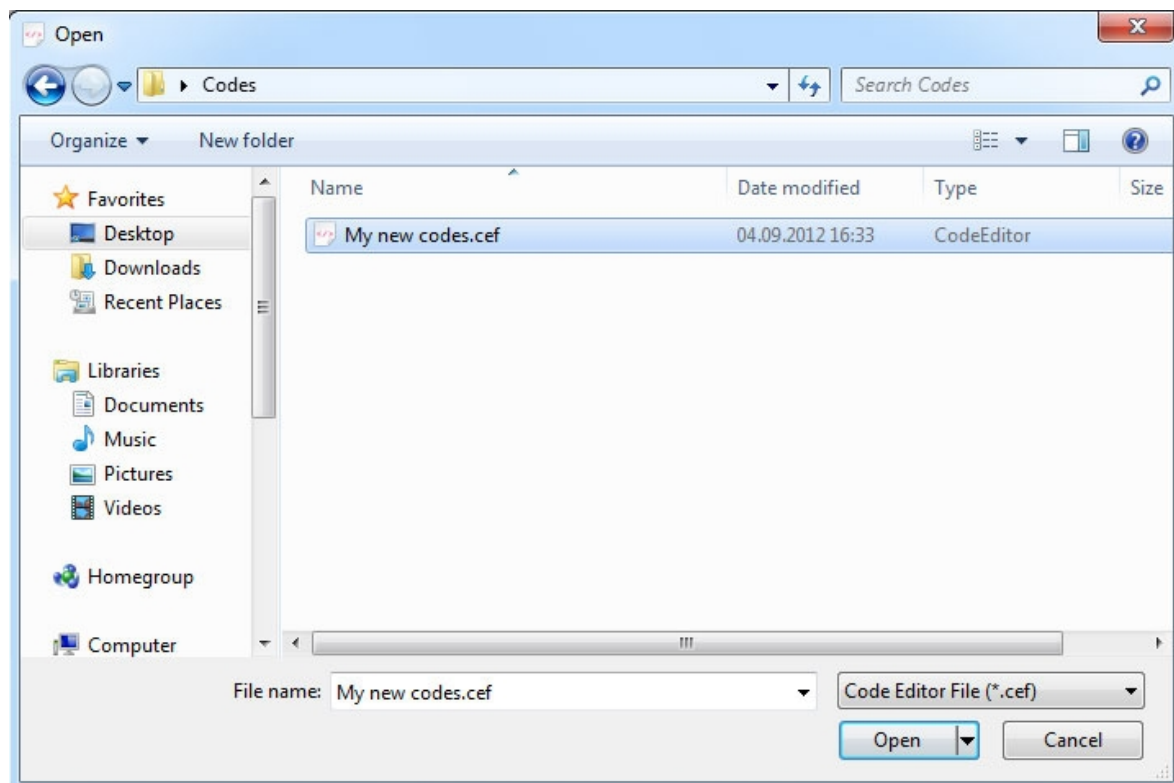

## Import A CEF File

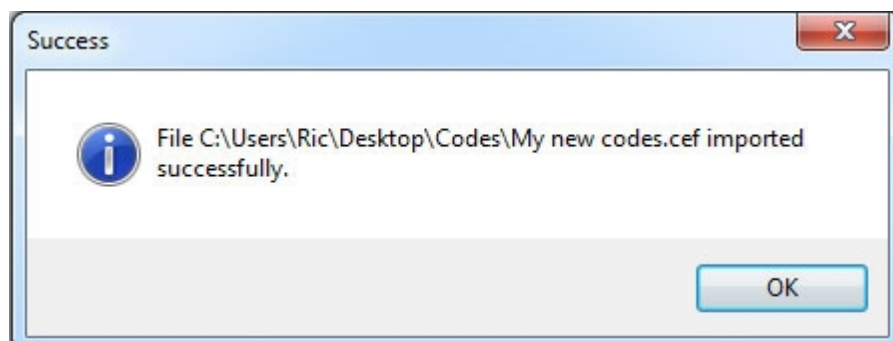

**Click on "Language" and then on "Import File" in the Files menu on the left:**

**Select the ".cef" file that you like to import and click on "open":**

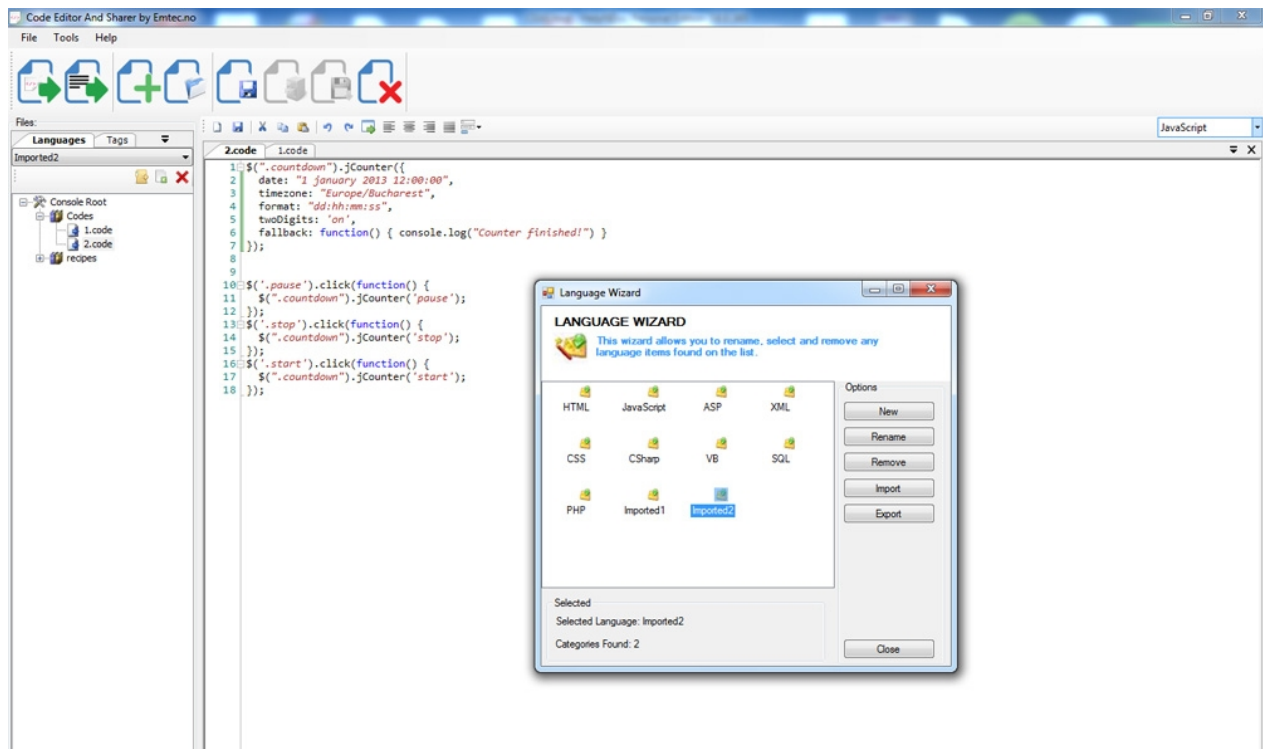

**If the file is imported successfully you will get this message:**

**You can now open the imported files, every import will get the language name imported1, imported2 etc.**

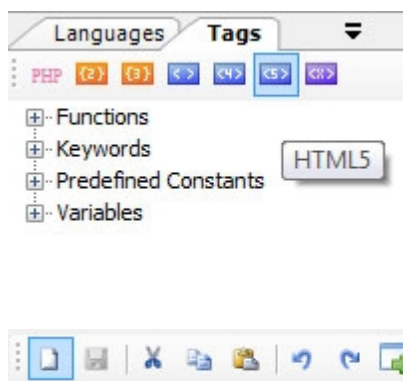

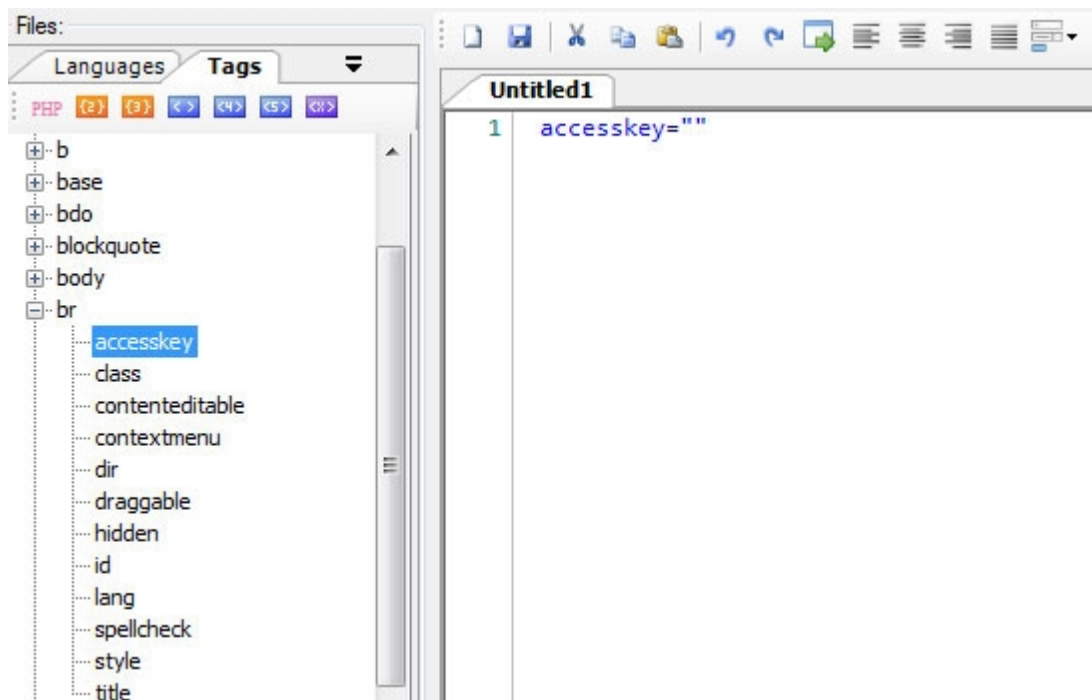

## Using Tags

**Click on "Tags" in the Files menu on the left:**

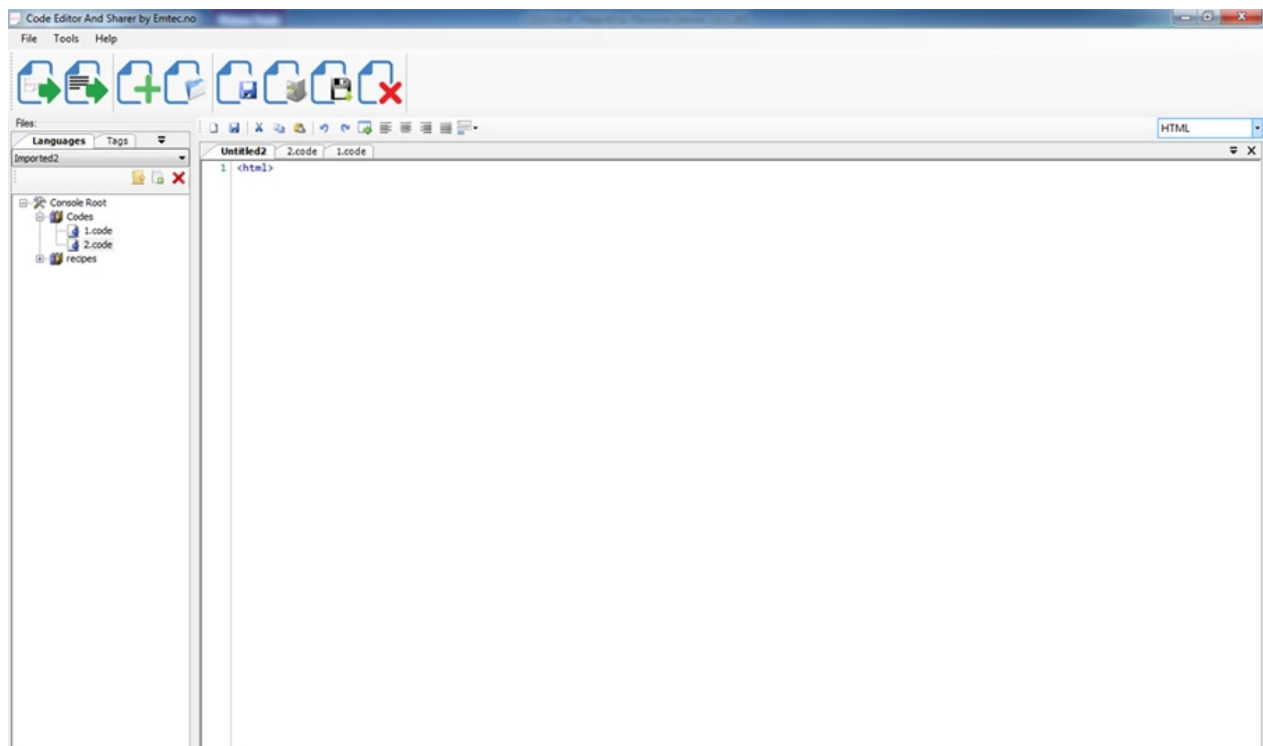

1. Click on the code language you need tags for.
2. Click on "New" in the code window menu if you like to insert this into a blank code page (will be inserted into the active code page).
3. Double click the tag you like to insert into your existing or new code.

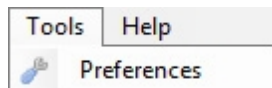

## Adding Color To Your New Language

If you are creating a new language that is not a default language in the program you can tell the program what coloring language you like to use. To do this, you are selecting the coloring language in the top right corner of the program. If you select this and save the code as code snippet the program will remember your selection, it will also export this color settings when you export your code for distribution.

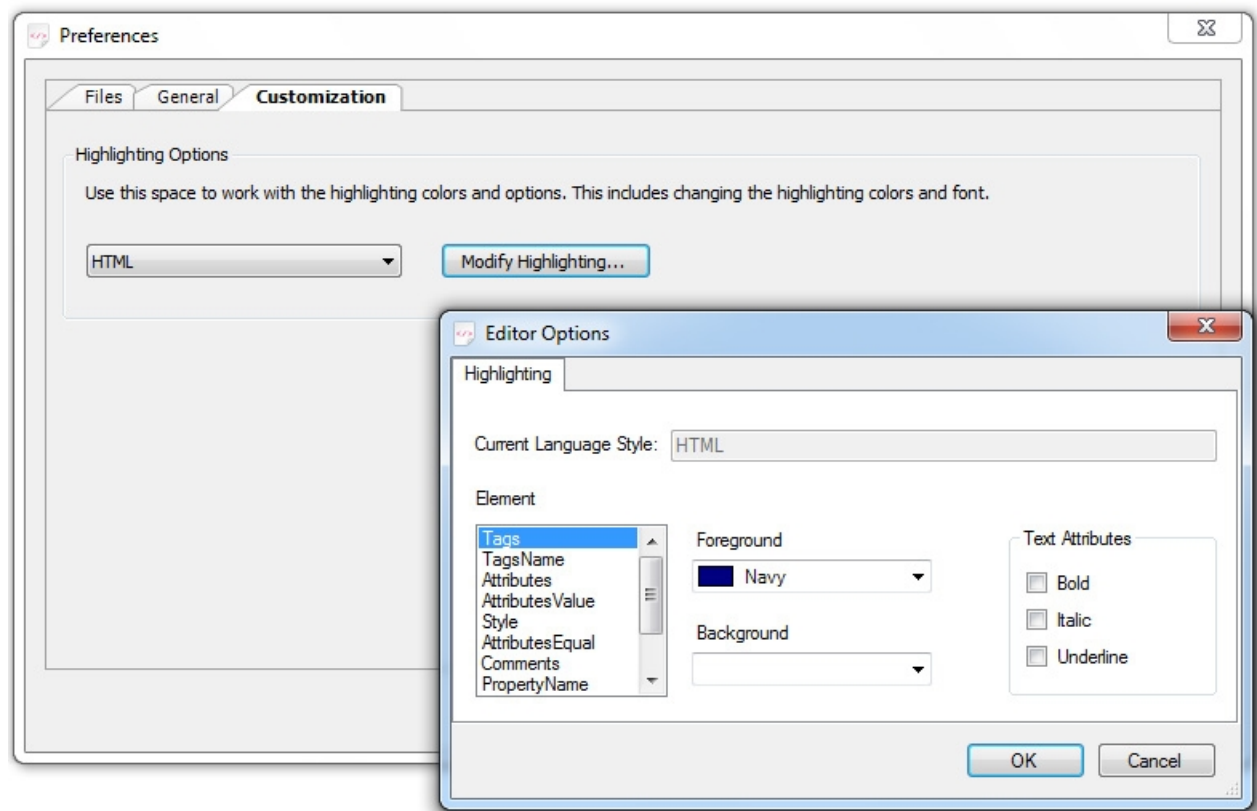

## Change The Language Colors

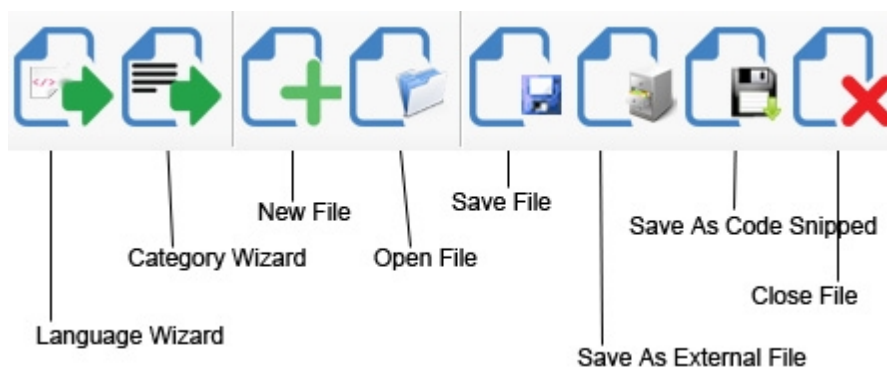

### Click on "Tools / Preferences":

1. Click on the tab "Customization"
2. Select the language you like to change color on and click "Modify Highlighting"
3. In the new window you can change the color for different part of the code

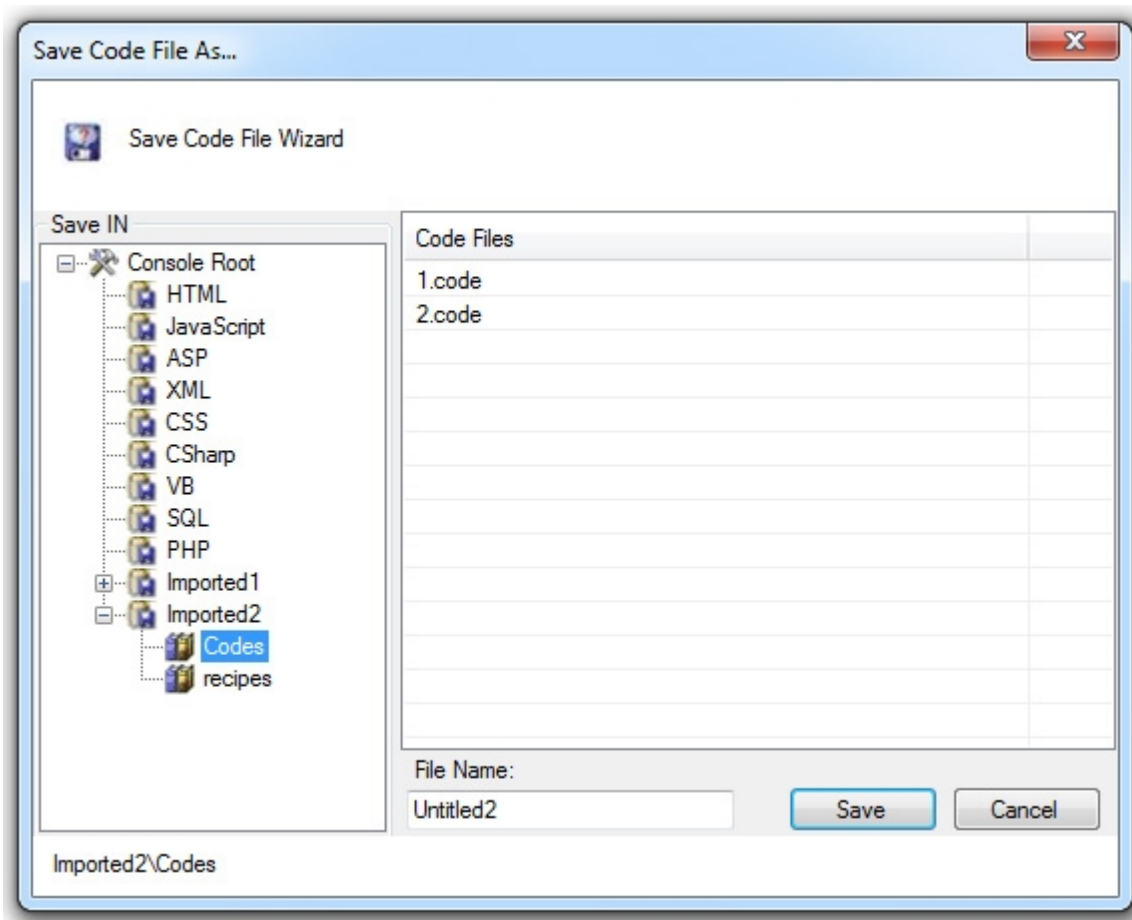

## Save code as code snipped

### Click on "Save As Code Snipped":

1. Select a language to save your new code snipped in.

2. Give it a name.
3. Click on save.

## How To Translate The Program?

---

You can help us translate this program to your language by translating all the text and send the file to us in "doc" file format.

You can send the file to us through our support system at: <http://www.emtec.no/support>

#### What is Code Editor And Sharer?

**Code Editor And Sharer** is a unique program that will help you program and share your code with others, the thing that makes this program stand out from other programming tools is that it's not only a powerful programming tool, you can also easily export all your code created in a language into 1 distributable file.

This means that if you are programming in PHP and you are creating a code that will let people upload files to your server, but you are also creating a contact form, then you can just save this as "code snippet" in different folders under the same language (upload, form) . Select these folders and click "export". You now have 1 file containing all your code that

you can easily distribute to friends, family or online. You can even sell your code to other users of **Code Editor And Sharer**.

What can I do with it?

You can read more about this under the Main Features section by [clicking here](#).

What type of files and code languages does Code Editor And Sharer support?

- 1) Code languages
  - PHP
  - JavaScript
  - ASP
  - CSharp
  - CSS
  - VB
  - SQL
  - XML
  - You can also open other languages, but it will not be 100% supported by the code coloring system.
- 2) Files
  - The program support all types of text based files as long as the files are not encoded.
  - The program is opening the most used code file endings like html, php etc. by default, but you can also add your own file types.

What is the system requirement?

You will need 128MB RAM or more. The operating system should be Windows XP, Windows Vista or Windows 7. Microsoft .NET Framework 3.5 must also be installed.

Is your online order form secured?

Yes, it is 100% secured.

Can I purchase Code Editor And Sharer as a gift for someone?

Yes , you can. The order option "Is your shipping address different than your billing address, or is this purchase a gift for someone?" in the order form allows you to purchase our program as a gift for someone. You just select the corresponding answer.

Where can I get a hard copy of Code Editor And Sharer?

It is available on CD-ROM for an additional \$12.95 plus \$2.00 shipping when you place an order with Share-it . You just select the "**Backup Media:** A CD or DVD for your software" Item in the order form of Code Editor And Sharer to get your hard copy .

Do I have to pay for the upgrades?

No! All upgrades are free to paid users of Code Editor And Sharer. (Your license lasts for 12 months and will be automatically updated through "Share it", if you select this).

Is tech support free?

Yes! It's free for all.

How much is it?

Code Editor And Sharer costs only \$26 for email registration (License updates every 12 months which cost \$17).

For how long can I try Code Editor And Sharer?

You can try the program for 15 days, after this you need to buy the full version to continue to use the program.

Is there any restrictions in the trial version compared to the full version?

No! The trial version is working 100% like the full version, but after 15 days you need to buy the full version to continue to use the program.

Can I distribute the files that I create to my friends or on the Internet?

Yes, of course. You can distribute or sell an unlimited number of copies of the files you create. No hassles. No hidden costs.

What program can I use to open files created with Code Editor And Sharer?

The code snippets files ".cef" that you export with Code Editor And Sharer is encoded and can only be opened with Code Editor And Sharer. So the person who wants to open your files need to use a copy of Code Editor And Sharer to open it. All other files like HTML, PHP etc. can be opened with all programs supporting this type of files.

If I have more questions , who should I write to?

If you need help, have questions or like to send us a translation of the program, please contact us through our support system at: <http://www.emtec.no/support>

### About Emtec.NO

## Emtec.NO,INC

Emtec.NO is a Norwegian software and multimedia company that is developing productivity software and multimedia article for business and home PC users. The company was founded in 1998 in Norway.

Since the beginning we have created programs that has helped businesses and home users around the world to create advanced web content, mp3

and to edit pictures easily. The main focus of our business is to create programs that will help the user to do more work in less time. This is what we are working on everyday and also has in-mind when we are creating new programs.

## Contact Us

If you need help, have questions or like to send us a translation of the program, please contact us through our support system at: <http://www.emtec.no/support>

## Thank You

**To All Our Users - Without the Support & Feedback of those who Download and Buy our Software we wouldn't be here.**

# Thank You:-)

## Software Privacy Policy

Here at Emtec.NO, we understand the importance of your privacy.

Emtec.no, Inc. will never sell or give identifiable information about its customers to any third party without first receiving that customer's permission.

You can sleep well knowing your information will not leave our offices.

**1. Will Emtec.NO ever send SPAM to my email address ?**

We do not send SPAM. By entering your email address, you agree to receive email from us about product updates and special deals. We usually do not send messages more than maximum one time each month. If you wish not to receive these messages, you can remove your email address from our list at anytime.

**2. How is the information we collect used ?**

We keep a database of our users name and email addresses for product updates and upgrade notifications. When we release a new version of any of our software titles, we send a message to all of our registered users and let them know. Other than that, we like to tell our users about new and exciting products.

**3. Will this personal information ever be used for any other purpose ?**

The only time we would ever use your personal information for any other reason is to aid the proper authorities in finding fraudulent credit card charges or in finding those responsible for illegal distribution or piracy of our software.

**4. Will Emtec.NO ever sell this information to a third party for advertising ?**

Nope. Never. Not a chance!

**End User License Agreement**

**End-User License Agreement for Code Editor And Sharer ("Software")**  
**Copyright (c) 1998 - 2013 Emtec.NO, INC**  
**All Rights Reserved.**

**BY INSTALLING AND/OR USING THIS SOFTWARE YOU AGREE TO THE FOLLOWING LICENSE:**

### **DEFINITIONS**

"You" and "Licensee" refers to the person, entity or organization which is using the Software known as "Code Editor And Sharer", and any successor or assignee of same.

"Emtec.NO" refers to Emtec.NO, Inc. and its successors, or manufacturer and owner of this Software.

### **AGREEMENT**

After reading this agreement carefully, if you ("Customer") do not agree to all of the terms of this agreement, you may not use this Software. Unless you have a different license agreement signed by Emtec.NO that covers this copy of the Software, your use of this Software indicates your acceptance of this license agreement and warranty. All updates to the Software shall be considered part of the Software and subject to the terms of this Agreement. Changes to this Agreement may accompany updates to the Software, in which case by installing such update Customer accepts the terms of the Agreement as changed. The Agreement is not otherwise subject to addition, amendment, modification, or exception unless in writing signed by an officer of both Customer and Emtec.NO.

If you do not wish to agree to the terms of this Agreement, do not install or use this Software.

### **1. OWNERSHIP OF SOFTWARE AND COPYRIGHTS.**

The Software is copyrighted and protected by the laws of the United States and other countries, and international treaty provisions. You may not remove any copyright notices from the Software.

Emtec.NO may make changes to the Software at any time without notice, but is not obligated to support or update the Software.

Except as otherwise expressly provided, Emtec.NO grants no express or implied right under Emtec.NO patents, copyrights, trademarks, or other intellectual property rights. You may transfer the Software only if the recipient agrees to be fully bound by these terms and if you retain no copies of the Software.

### **2. GRANT OF LICENSE AND PROHIBITIONS.**

Title to all copies of the Software remains with Emtec.NO.

This Software is licensed to you. You are not obtaining title to the Software or any copyrights. You may not sublicense, rent, lease, convey, translate, decompile, or disassemble the Software for any purpose.

The license may be transferred to another Licensee if you keep no copies of the Software. Permission

must be obtained before mirroring or redistributing the evaluation copies of the Software.

You may not convert this Software or its parts to a different computer language or environment, either manually, or using an automated conversion tool, such that this Software or any modification thereof will run under any language, software, or program other than implemented by Emtec.NO. You agree that any modifications made to this Software belong to Emtec.NO and are permitted for your exclusive use during the period of this License Agreement, and may not be transferred, sold or licensed to another entity.

### **3. USE AND EVALUATION PERIOD.**

You may install and use one copy of this Software on one client computer. Subsequent installations require you to obtain additional licenses unless you are transferring this Software to another computer.

You may not network this Software or otherwise use it on more than one computer or computer terminal at one time.

You may not lease or otherwise rent the Software, but you may transfer the Software on a permanent basis provided the recipient agrees to the terms of this Agreement.

You may not sublicense or permit simultaneous use of the Software by more than one user.

If you are evaluating this software, you may use an evaluation copy during the evaluation period in order to determine whether to purchase this Software. After your evaluation license has expired, you may purchase your license of the Software.

### **4. UPDATES AND ONLINE USE.**

You acknowledge and approve that components of the Software may be modified, extended, or added via an online update method selected via options provided within the Software.

You acknowledge and approve that as part of the online update process the components of the Software may be scaled down or removed by Emtec.NO due to technical or legal reasons.

### **5. LIMITED WARRANTY.**

THE SOFTWARE IS PROVIDED AS IS AND EMTEC.NO DISCLAIMS ALL WARRANTIES RELATING TO THIS SOFTWARE, WHETHER EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

### **6. LIMITATION ON CONSEQUENTIAL DAMAGES.**

NEITHER EMTEC.NO NOR ANYONE INVOLVED IN THE CREATION, PRODUCTION, OR DELIVERY OF THIS SOFTWARE SHALL BE LIABLE FOR ANY INDIRECT, CONSEQUENTIAL, OR INCIDENTAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE SUCH SOFTWARE EVEN IF EMTEC.NO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR CLAIMS. IN NO EVENT SHALL EMTEC.NO'S LIABILITY FOR ANY DAMAGES EXCEED THE PRICE PAID FOR THE LICENSE TO USE THE SOFTWARE, REGARDLESS OF THE FORM OF CLAIM. THE PERSON USING THE SOFTWARE BEARS ALL RISK AS TO THE QUALITY AND **PERFORMANCE OF THE SOFTWARE.**

IN NO EVENT WILL EMTEC.NO BE LIABLE FOR ANY AMOUNT GREATER THAN WHAT YOU ACTUALLY PAID FOR THE SOFTWARE.

### **7. TERMINATION.**

This Agreement is effective until terminated.

This Agreement terminates on the date of the first occurrence of either of the following events: (1) The expiration of one month from written notice of termination from Customer to Emtec.NO; or (2) At any time if you violate the terms of this Agreement.

Upon termination you shall destroy the written materials and all copies of the Software, including modified copies, if any.

You agree that monetary damages alone is not an adequate and just relief resulting from any breach of this License, that a court order prohibiting any further breach of this License is necessary to prevent further damages, and that you will not oppose any reasonable request for a temporary restraining order, preliminary injunction, or other relief sought by Emtec.NO in the event of a breach of this License.

Emtec.NO shall not be required to notify you of any breach, nor make any demand or claim against you resulting from any such breach, or for a demand to stop any use or distribution in violation of the terms of this License, and you agree that any breach of this License and damages resulting therefrom shall relate back to the first and earliest breach thereof. Failure of Emtec.NO to enforce its rights pursuant to this License shall not constitute a waiver of such rights, and shall not prejudice Emtec.NO in any later enforcement of its rights or rights to seek damages therefrom.

#### **8. UPGRADES.**

If you acquired this Software as an upgrade of a previous version, this Agreement replaces and supercedes any prior Agreements. You may continue to use the previous version of the Software, provided that both the previous version and the upgrade are installed on the same computer at all times. You may not have a previous version and the related upgrade version installed on separate computers at any time.

#### **9. ENTIRE AGREEMENT**

This End-User Agreement is the entire agreement between you and Emtec.NO relating to the Licensed Software, and supercedes all prior written or oral statements, promises, representations and agreements.
