Capable File Format

CSV

In some cases there may be a malfunctioning of DDCSV when used in conjunction with, or at the same time as other companies Adobe Illustrator Plug-ins, and as such the program may not work properly. Please contact us.

► <http://www.baby-universe.co.jp/en/plugin/>

Serial Number/Activation Key

BABY UNIVERSE Plug-ins have a serial number and an activation key.
These numbers are very important when you need our support.

Example)

DD-5000000 → **Serial Number**

12345 - 56789 - 01234 - 12345 → **Activation Key**

Note:

Basically one license for DDCSV qualifies you to use one application, which means that one license allows you to install the software on one machine. If you want to use the software license for other purposes, it is illegal and you could be asked for compensation.

It is not possible for us to insure against any accidents that could happen when users use DDCSV, and as such, we regard your use of the software as agreement that there have been no , unless you stop using the software while still using the demonstration version.

Installation

■ Close Adobe Illustrator before you start installation

Open **[DDCSV]** folder. If you are using MacOS, choose **[installer]**
If you are using Windows, choose **[Setup.exe]** which is in the folder that corresponds with the Adobe Illustrator you are using on your OS.

When **[installer]** or **[Setup.exe]** starts up, choose compatible version of Adobe Illustrator in your system, and install DDCSV. You can change Adobe Illustrators version by clicking **[folder]** change button. If you want to uninstall DDCSV, please choose uninstall from the pop up menu which is upper left side of window.

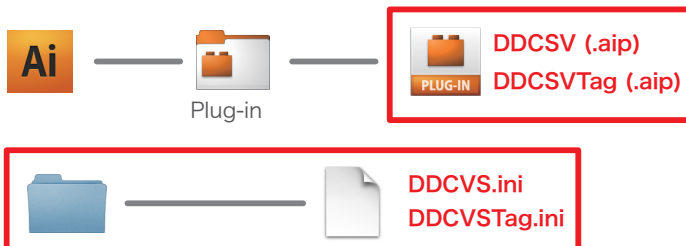

When you finished install, please start up Adobe Illustrator. During Adobe Illustrator starting up, DDCSV personalize dialog box, as shown on the right appears. Please enter your name, organization and activation key (ID) to complete the personalization. If you want to use the software as a demonstration version, please press the "Trial button" to start the demonstration version of the software. The trial can be used maximum of 30 times. Macintosh OS installer dialog box

If installer dose not work properly

Press and drag the DDCSV plug-in file, and drop it directly in the Adobe Illustrator Plug-in folder in your system, and also drag the "Prefs" file into proper folder.

(Mac : User/Documents/Adobe/Illustrator/prefs)

(Windows : My Documents/Adobe/Illustrator/Prefs)

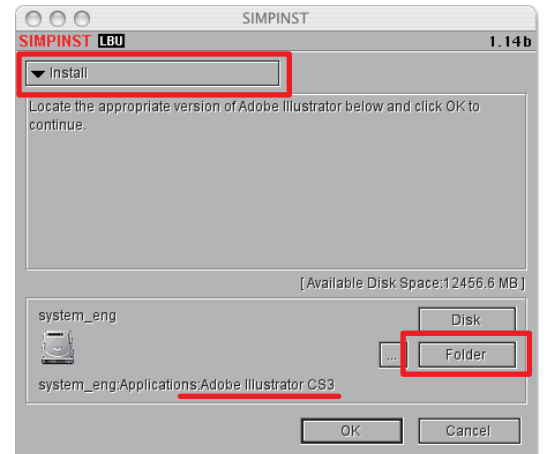

Mac:Documents / Adobe/ Illustrator/ prefs/
Win: My Documents/ Adobe/ Illustrator/ prefs/

Personalize Window.

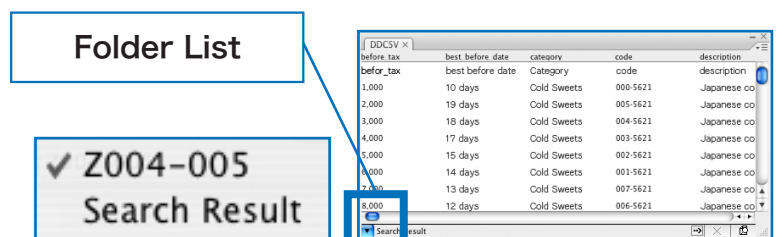

How to Use DDCSV

1. Name of the parts in DDCSV

To show the DDCSV, select “Show DDCSV” from the Window of the Adobe Illustrator menu, Window > Show DDCSV. (DDCSV can be used in the same way as other palettes in Adobe Illustrator.)

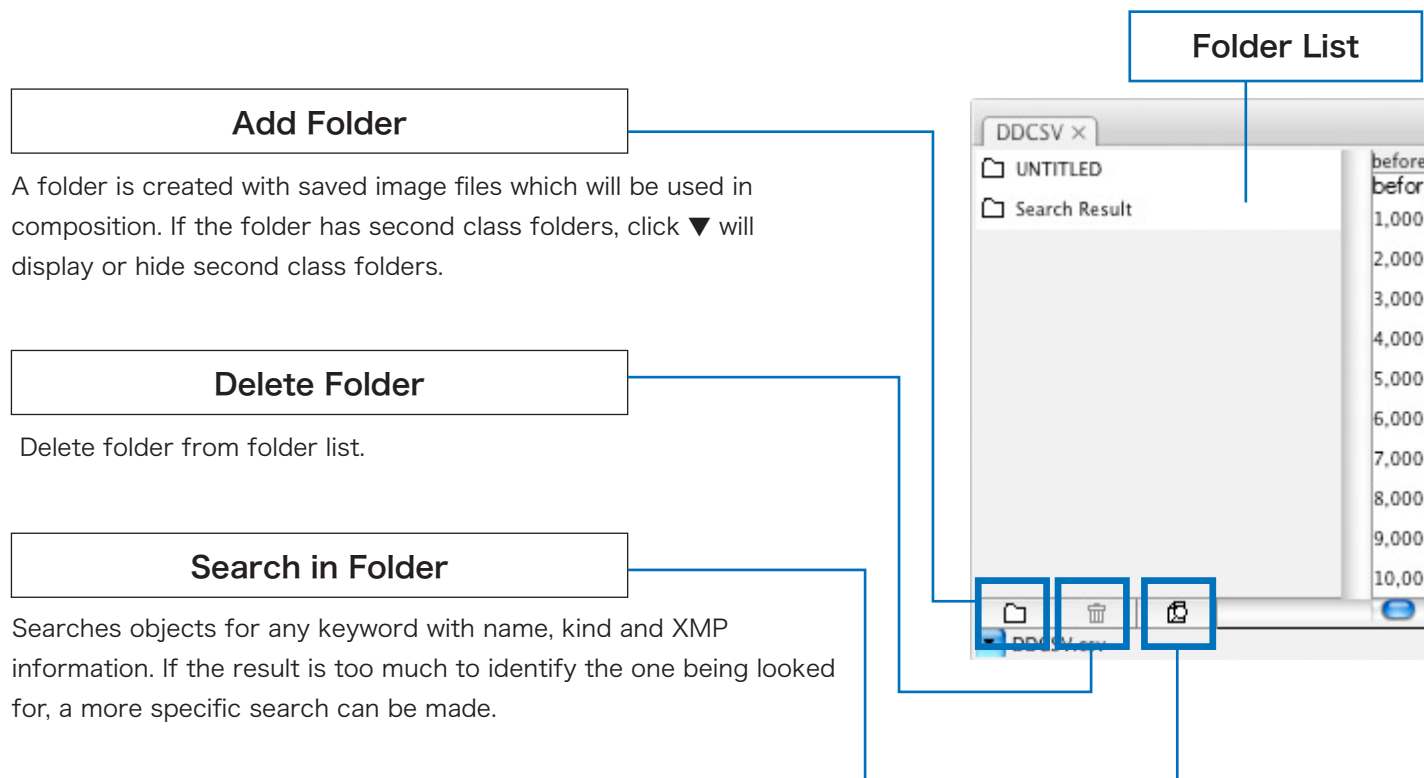

DDCSV dialogue size can be changed. However, when quantity of swatch increase in displaying DDCSV dialogue, displaying DDCSV dialogue delays depends on your working environment.

How to Use

2. Folder List

Show folder list. Double clicking the one of the list, Double click same classes again will undo display classes item.

How to Use DDCSV

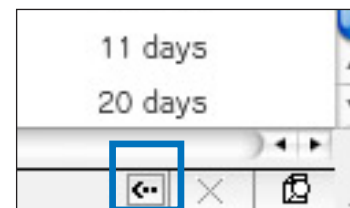

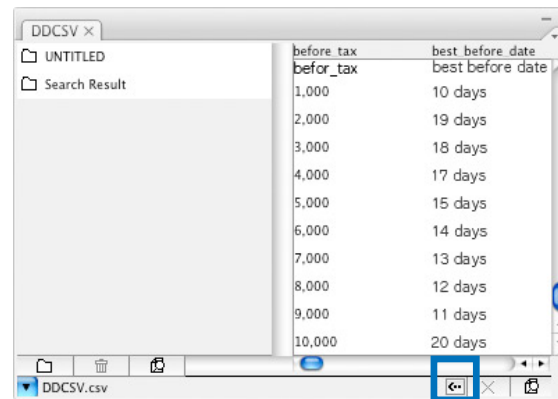

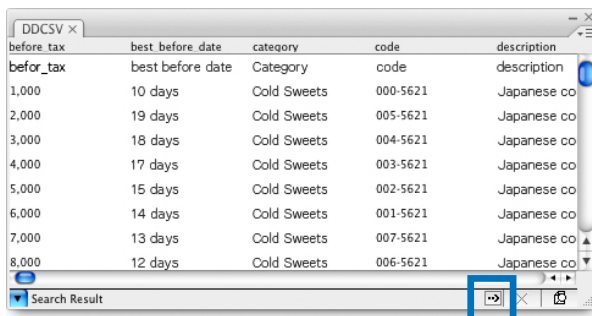

3. Swatch Preview

You can make DDCSV more useful by selecting the way of the preview setting.

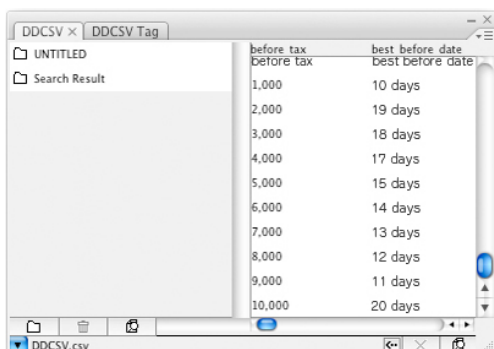

Folder List Display Option

As mentioned above, you can change Show or Hide folder list.

Palette

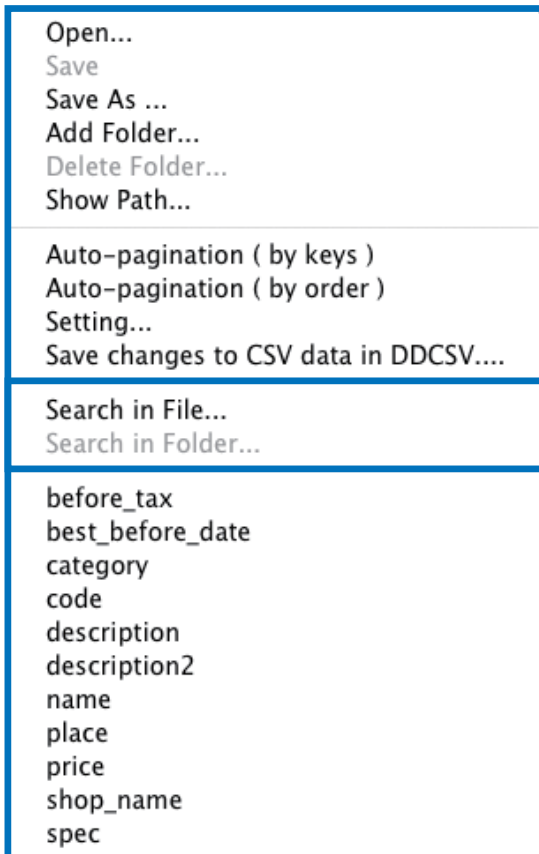

▲ You can use DDCSV palette same as other Illustrator Palettes.

How to Use DDCSV

4. Designed for Easy to Find.

You can make DDCSV more useful by applying the view choice “show/Hide folder list”.

Search and Find

Search and Find function search objects for any keyword with file name or file contents in CSV files.

Search in File function search objects for keyword with file contents in displayed CSV files in swatch preview window. If the result is too many to identify the one being looked for, you can search the more specific search. You can search XMP information objects, which you have registered in MediaBeacon.

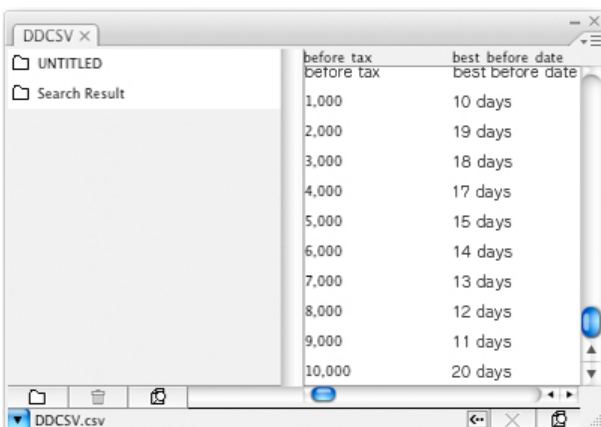

For the Search in File function, you can change display of Search Results and all file, by selecting folder list menu, which is on the bottom left side of the window.

Sort

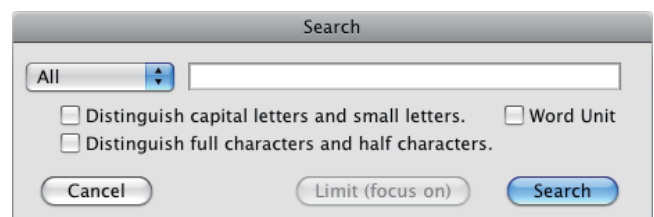

When you want to find the objects you're looking for, Sort by name, kind and date are possible.

Title will not displayed until you load CSV file.

Also, title can be different because of the CSV files.

DDCSV Search

How to Use DDCSV

5. Pagination System

You can change the tags just drag and drop a file from DDCSV swatch preview window to Adobe Illustrator document file. You can change the tags that you have changed to another tag, for just drag and drop another files.

About Tag

DDCSV changes tag on the Adobe Illustrator document's text field to selected lines data.

► **Format of the tag is as like below.**

Paginate by "Drag and Drop"

`<!--title-->`

Paginate by Auto-paginate System.

If the tag become key.

`<!--title=key-->`

other tag that is not key.

`<!--title-->`

When you want to place the Image.

`<!--ddcsv:image= file path for the image -->`

Place the image which has specified in the CSV file.

Place one images.

`<!--ddcsv:image-->`

Place multiple images.

`<!--ddcsv:imageA-->`

`<!--ddcsv:imageB-->`

* You can set the image path which written below if you have specified field in CSV file and it between "`<!--ddcsv:image`" and "`-->`".

`<!--ddcsv:image1-->`

`<!--ddcsv:image2-->`

How to User DDCSV

5. Pagination System

Example)

• CSV

price, term, kind, code, description 1, description 2, goods, name, price with tax, store name, specification,
ddcsv:imageA,ddcsv:imageB

• Tag

If you are going to paginate “drag and drop”

<!--price-->

<!--name-->

If you are going to Auto-Paginate

<!--code=004-5611-->

<!--name-->

If you want to arrange image.

If you specify the image in the tag.

<!--ddcsv:image=004-005.eps-->

If you specify the image in the CSV file.

<!--ddcsv:image A-->

* Multiple tags can be written in single text field.

If you want to arrange images, insert only one image tag to text field, other tags can not be in the same text field.

* If you want to relate multiple text fields to one file, please group the text fields.

* When multiple data has same key, DDCSV choose first data which has the key in CSV file to Auto-paginate.

How to Use DDCSV

5. Pagination System

A way to pagination system on DDCSV

You can pagination system easily by only drag and drop.

Illustrator Documents

Drag and Drop

DD X

Auto-pagination (by keys)
Auto-pagination (by order)
Setting...
Save changes to CSV data in DDCSV....

Search in File...
Search in Folder...

There are several way to do Auto-Pagination, please refer to the below.

To do Auto-Paginate CSV data to optional position, Set the key in the tag and select "Auto-Pagination (by Key)" form the option menu.

To do Auto-Paginate by specific order, please open the setting in the option menu, and set the lay out and the CSV data start point, then select "Auto-Pagination (by order)" in the option menu.

If your layout is random or you want to Auto-Paginate optional order, change the object's order in the layer palette, then select "Order of layers, upper layer to lower layer" or "Order of layers, lower layer to upper layer" in the setting window. You can set up the text only Auto-Pagination, or text and images Auto-Pagination in the setting window at the option menu.

6. About CVS file for pagination system

► Create CSV files in the format written below.

Create CSV files in the format written below.

Write title (raw name) on the first raw, and data for after the second raw.

If there are comma or changing line in the title or the data, please double quote the sentence.

Example) company_name,Zipcode,address

Baby Universe Inc ,251-0025, Kugenuma Ishigami Fujisawa city Kanagawa pref.

Baby Universe IV, 252-0816, Endou Fujisawa city, Kanagawa pref.

How to User DDCSV

5. Pagination System

When you changed the Illustrator text on the document, You can save the changes to loaded CSV data in DDCSV by selecting “Save changes to CSV data in DDCSV” in the option menu.

To save the changes to CSV data in DDCSV ; the changes have to be in one tag in one text field or text path.

You must not change text before and after the tag. Please refer the description below.

Save changes to CSV data in DDCSV

▶ Example of CSV data revise

Example)

Tag : Special Price <!--s_price--> dollar

Pagination : Special Price 199.99 dollar.

Revise : Special Price 179.99 dollar.

If you have revised text like below, you can not save the data in DDCSV.

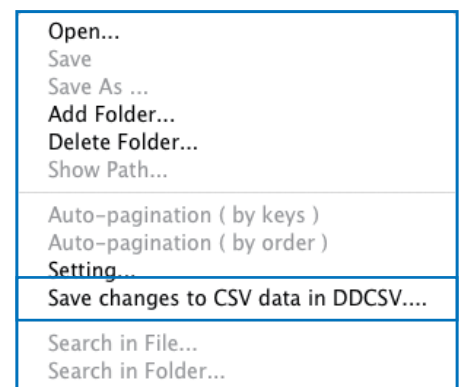

Tag : Special Price <!--s_price--> dollar

Pagination : Special Price 199.99 dollar.

Revise : Summar Sell price 199.99 dollar

Revise : Special Price \$199.99.

Revise : Special Price 2 hundred doller

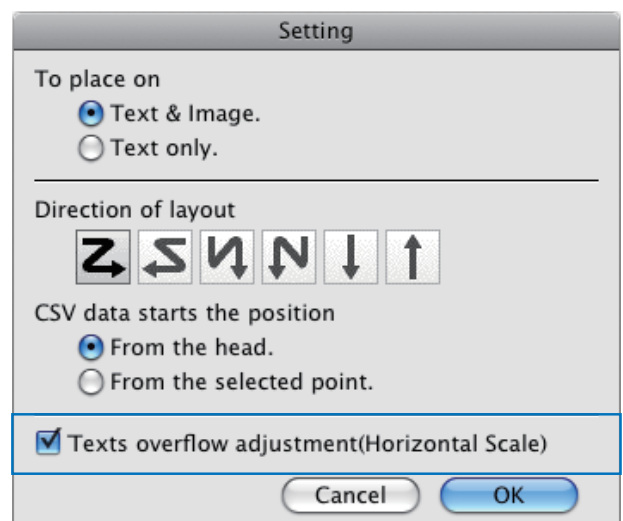

※When you want to save the changes to original CSV data, please select “Save” or “Save As...” in the opetion menu.

Text overflow adjustment (horizontal)

When the text overflow from the text field, DDCSV adjusts text to fit in text field for horizontal direction.

To adjust the overflow text, please select “Text overflow adjustment (Horizontal Scale)” option in the Setting window, which is in opetion menu.

※ Text in the text field has to be single line.

For further information about DDCSV

Please send your request by e-mail or fax.

Make sure to attach your ID and serial number of the product.
