### **Complete Certification Training Solutions**

## **Study Tips**

*This product will provide you with questions and answers carefully compiled and written by our Expert Senior Certified Staff. Our practice questions are designed to help you learn the concepts behind the questions rather than be a strict memorization tool.*

### **Important Note:**

### ***Please Read Carefully***

*Repeated readings of our Pass-Guaranteed.com Practice Exam will increase your comprehension. We constantly add to and update our Practice Exams with new questions, answers and explanations, so check that you have the latest version of this Practice Exam before you take your exam.*

*For security purposes, each PDF file is encrypted with a unique serial number associated With your Pass-Guaranteed.com account information. In accordance with International Copyright Law, Pass-Guaranteed.com reserves the right to take legal action against you should we find copies of this PDF file distributed to other parties.*

### ***Update Notifications (Latest Version)***

*We are constantly reviewing our products. New material is added and old material is revised. Free Updates are available for 180 days after purchase. If you purchased a bundle, you will have Free Updates for 1 YEAR!*

*You can signup to our newsletter for instant notification whenever an update is released by becoming a Pass-Guaranteed.com member at: <http://www.pass-guaranteed.com/log.htm>*

*By becoming a Pass-Guaranteed.com member, you also get a chance to win a FREE Practice Exam of your choosing. We give away 3 Pass-Guaranteed.com Practice Exams every week to 3 lucky winners.*

### ***Pass-Guaranteed.com Product Specials***

*Pass-Guaranteed.com Custom Bundle Requests, cover all Pass-Guaranteed.com Products!!! You can visit our Special Bundle Discounts from Pass-Guaranteed.com or make your own Custom Bundle Request with Pass-Guaranteed.com here: <http://www.pass-guaranteed.com/bundles.htm>*

***Pass-Guaranteed.com Custom Bundle Request Form let's you create your own Bundle Of Products!!! You can select and group any of our products for your Custom Bundle and we will give you up to a **50% Discount** on your Custom Bundle Package. This includes our [Practice Test Questions](#), [Online Course Tutorials](#), [Study Guides](#), [Lab Scenarios](#) and our [Certified Online Instructor](#) service.***

**QUESTION: 1**

A customer's Celerra administrator wants to present several CIFS shares through one file server. The shares are stored on many different physical machines.

What can be used with the Celerra to achieve this goal?

- A. Celerra Data Migration Service
- B. Distributed File System
- C. Nested Mount File System
- D. Virtual Data Mover

**Answer: B**

**QUESTION: 2**

The file system fs01 must be mounted and exported on /mp1 as a CIFS share so only fs01 can be seen by users. To do this, a system administrator will need to:

mount fs01 to /mp1/fs01  
export /mp1/fs01 as a CIFS share

What other step will the system administrator need to take to present this share so users only see fs01?

- A. create the directory /mp1/fs01 from a Windows host
- B. move .etc and lost+found to another directory.
- C. mark .etc and lost+found as hidden.
- D. unmount fs01 from /mp1

**Answer: A**

**QUESTION: 3**

When you configure a CIFS Server on a Virtual Data Mover, which dynamic configuration information is only saved to the Virtual Data Mover?

- A. Home directory information
- B. NFS file system information
- C. Usermapper information
- D. Virus checker information

**Answer: A**

**QUESTION: 4**

What is stored in a Virtual Data Mover's root file system?

- A. CIFS security tokens
- B. Home directory information
- C. NAS root directory
- D. Usermapper configuration

**Answer: B**

**QUESTION: 5**

What important function does Kerberos provide in both Active Directory and NFS v4?

- A. Access tokens to hold a user's SID
- B. Authentication Service
- C. Encryption of passwords sent to domain controllers
- D. Security encryption used by authentication protocols

**Answer: B**

**QUESTION: 6**

What is one property of the default CIFS server?

- A. Can be used to access all shares on the Data Mover
- B. Has a hidden CIFS name of DEFAULT
- C. Uses all assigned IP interfaces on the Data Mover
- D. Uses all unassigned IP interfaces on the Data Mover

**Answer: D**

**QUESTION: 7**

What must be done in for the CIFS server to appear in Active Directory?

- A. Add server to DNS
- B. Add to domain using DFS
- C. Join CIFS server to domain
- D. Manually start the CIFS server

**Answer: C**

**QUESTION: 8**

What is a way of mapping Windows SIDs to UIDs and GIDs?

- A. NDS
- B. NetBios
- C. NIS
- D. Usermapper

**Answer: D**

**QUESTION: 9**

Which MMC snap-in feature makes the administration of connecting to personal shares on the Celerra simpler?

- A. Group Policy
- B. Home Directory
- C. Shared Folders
- D. User Rights Assignment

**Answer: B**

**QUESTION: 10**

What is the tool used to determine the security event types that are logged in a Data Mover's CIFS security log?

- A. audit policy snap-in
- B. nas\_logviewer
- C. server\_log
- D. User Rights Assignment snap-in

**Answer: A**

**QUESTION: 11**

Which default authentication mechanism is utilized in a Windows Native Mode environment?

- A. Certificate Authentication
- B. Kerberos
- C. LDAP
- D. NTLM

**Answer: B**

**QUESTION: 12**

You are attempting to join a Celerra CIFS server to a Windows domain. You receive an error: "Failed to complete command". You are able to ping the DNS server and the domain controller from the Data Mover with no problem.

What will need verification?

- A. that the DNS record for the Data Mover is correct
- B. that the DNS SOA record for the host is correct
- C. that the date and time are set correctly
- D. that the share is exported

**Answer: C**

**QUESTION: 13**

What is the default mount option when implementing an NFS solution?

- A. AutoFS

- B. Hard mount
- C. Soft mount
- D. Virtual mount

**Answer: B**

**QUESTION: 14**

Which type of file locking allows NFS clients to read or write to a file locked by an NFS client?

- A. All Lock options
- B. No Locking option
- C. Read/Write Lock option
- D. Write Lock option

**Answer: A**

**QUESTION: 15**

A Celerra administrator would like to implement NFS. The administrator would like to implement some form of security while presenting NFS shares to clients.

Which NFS version natively supports strong security?

- A. NFS v1
- B. NFS v2
- C. NFS v3
- D. NFS v4

**Answer: D**

**QUESTION: 16**

After the Celerra file system has been exported to NFS, what should be done on the hosts in order to access the file system?

- A. format the file system
- B. mount the file system
- C. set export to automount
- D. update DNS records

**Answer: B**

**QUESTION: 17**

Which object resolution can be provided by NIS?

- A. Default gateway
- B. DNS
- C. SAMBA server
- D. Username

**Answer: D**

**QUESTION: 18**

Which component of NFS currently requests other NFS components?

- A. Export
- B. Mount
- C. Portmapper
- D. Remote Procedure Call

**Answer: D**

**QUESTION: 19**

What is the core component of the NFS protocol?

- A. Automounter
- B. File Export
- C. Remote Procedure Call
- D. ypbind

**Answer: C**

**QUESTION: 20**

Which access policy must be specified when implementing a multi-protocol solution with NFS version 4?

- A. Mixed/mixed compat
- B. Native
- C. NT
- D. UNIX

**Answer: A**
