**RIGHT!**

## Salient Features of CBSE CCE Software

### Simple and Easy GUI

The visual design of the software is so simple and easy that a person with basic knowledge of computer can understand how to operate the software. There is no need of any kind training.

### No Chance of Error

Software will not accept invalid data at the time of data entry itself. Entire calculation and conversion of marks to grades are automatic which leave no chance of error.

### Customization of Application

Various components needed for the CCE result preparation can be customized in the software. Class teacher can customize: a) Name of Main Subjects, b) Name of Misc. Subjects, c) Max. Marks of FAs and SAs, d) Max. Marks for Co-Scholastic Areas [Life Skills, Work Education etc.]

### Automated Report Card Generation

Easy CCE Software offers best solution for printing Report Cards and Mark/Grade Slips. Class teachers can print grades slips after every assessment which can be given to parents. It also generates report cards for Term-1 and Final report cards.

### Automatic Co-Scholastic Indicators

Co-Scholastic indicators, also called as descriptive indicators, are typed by the class teachers. It is a time taking job. Easy CCE does is with single click. The software generate appropriate indicators for life skills, work education, attitude & values etc, based on marks entered for co-scholastic areas.

### Result Analysis

As a head of the institution you may need to analyze the result of a particular class e.g. how many students have secured A1 grade in Hindi and so on. This kind of result analysis can be performed in a single click.

### Easy to Install and Use

It does not require any installation. Simply unzip the folder in a desired folder and run the exe file "**Easy CCE**". However, in some computer you may encounter error message due to absence of few DLL and OCX file. In that case install "**netbit Essential.exe**" in your computer.

### Report Card / Documents in Word & Excel Format

Easy CCE Software generates Report Cards and Mark / Grade Slip and other relevant documents in Microsoft Word format which gives freedom to user to modify information as per their wish. Valuable data are exported to Excel where class teachers are free to use data the way they want.

### Compatible with LAN Network

You need to buy only one copy of Easy CCE software. Install it in the Server or any PC connected with LAN. Many teachers can use the Easy CCE software simultaneously from different PC if they are connected with LAN.

### Password for Class Teachers

Class teachers have their own login credential. They can handle data of their own class only. They cannot temper data of other class. However, Administrator can access all classes.
