Study Tips

This product will provide you with questions and answers carefully compiled and written by our Expert Senior Certified Staff. Our practice questions are designed to help you learn the concepts behind the questions rather than be a strict memorization tool.

Important Note:

Please Read Carefully

Repeated readings of our Pass-Guaranteed.com Practice Exam will increase your comprehension. We constantly add to and update our Practice Exams with new questions, answers and explanations, so check that you have the latest version of this Practice Exam before you take your exam.

For security purposes, each PDF file is encrypted with a unique serial number associated With your Pass-Guaranteed.com account information. In accordance with International Copyright Law, Pass-Guaranteed.com reserves the right to take legal action against you should we find copies of this PDF file distributed to other parties.

Update Notifications (Latest Version)

We are constantly reviewing our products. New material is added and old material is revised. Free Updates are available for 180 days after purchase. If you purchased a bundle, you will have Free Updates for 1 YEAR!

You can signup to our newsletter for instant notification whenever an update is released by becoming a Pass-Guaranteed.com member at: <http://www.pass-guaranteed.com/log.htm>

By becoming a Pass-Guaranteed.com member, you also get a chance to win a FREE Practice Exam of your choosing. We give away 3 Pass-Guaranteed.com Practice Exams every week to 3 lucky winners.

Pass-Guaranteed.com Product Specials

Pass-Guaranteed.com Custom Bundle Requests, cover all Pass-Guaranteed.com Products!!! You can visit our Special Bundle Discounts from Pass-Guaranteed.com or make your own Custom Bundle Request with Pass-Guaranteed.com here: <http://www.pass-guaranteed.com/bundles.htm>

*Pass-Guaranteed.com Custom Bundle Request Form let's you create your own Bundle Of Products!!! You can select and group any of our products for your Custom Bundle and we will give you up to a **50% Discount** on your Custom Bundle Package. This includes our [Practice Test Questions](#), [Online Course Tutorials](#), [Study Guides](#), [Lab Scenarios](#) and our [Certified Online Instructor](#) service.*

Please visit: <http://www.pass-guaranteed.com/custom-request.htm> If you would like to purchase a Custom Bundle from Pass-Guaranteed.com.

HP0-704 Demo – 100% Money Back Guaranteed!!!

HP0-704 Demo – Pass-Guaranteed.com

QUESTION: 1

What hardware is required to migrate a cluster to a TruCluster Server environment? (Select TWO)

- A. at least one cluster interconnect device
- B. at least two member systems
- C. a sharable high volume backup medium
- D. sharable storage components - controllers and devices
- E. at least one quorum disk

Answer: A, D

QUESTION: 2

Which requirements must be met when upgrading a cluster from ASE to TruCluster Server? (Select TWO)

- A. ASE systems must migrate all UFS file systems to AdvFS file systems
- B. TCR-UA license must be installed and activated on each system
- C. ASE systems must have a supported cluster interconnect adapter or open PCI slots for installing a supported cluster interconnect adapter
- D. ASE system network adapters must be valid for NetRain configurations
- E. storage devices must be converted to dual-redundant configurations

Answer: A, C

QUESTION: 3

Which best describes load balancing with TruCluster Server?

- A. distribution of connection requests as assigned by the priority algorithm and selection algorithm for each member of an alias
- B. distribution of connection requests as assigned with a dynamic selection priority and dynamic selection weight for each member of an alias
- C. distribution of connection requests as assigned by the selection priority and selection weight for each member of an alias
- D. distribution of connection requests as assigned by the priority for a member of an alias

Answer: C

QUESTION: 4

Which statement describes a redundant Memory Channel standard hub configuration?

- A. Only one Memory Channel hub is needed for the configuration to be optimally redundant.

HP0-704 Demo – 100% Money Back Guaranteed!!!

HP0-704 Demo – Pass-Guaranteed.com

- B. The Memory Channel adapters in a member system are connected to a hub linecard in the same slot number of both hubs of a redundant pair.
- C. Both Memory Channel Adapters in one system must be set to VH0 and the adapters in the other system must be set to VH1.
- D. A redundant standard hub configuration does not require hubs.

Answer: B

QUESTION: 5

Which statement most accurately describes DHCP in a cluster?

- A. Cluster members can be configured as DHCP client systems only.
- B. Cluster members can be configured as either DHCP clients or servers.
- C. Cluster members can be used as highly available DHCP servers.
- D. DHCP can NOT be used in a cluster environment.

Answer: C

QUESTION: 6

You have a TruCluster Server configured with two ES40s.

What additional hardware is required to add another ES40 system as a new cluster member?

- A. one Memory Channel 2 adapter, one Memory Channel hub, one shared SCSI adapter, one Ethernet or ATM adapter
- B. one Memory Channel 1.5 adapter, one Memory Channel hub, one shared SCSI adapter, one Ethernet or ATM adapter
- C. one Memory Channel 2 adapter, one shared SCSI adapter, one Ethernet or ATM adapter
- D. one Memory Channel 1.5 adapter, one shared SCSI adapter, one Ethernet or ATM adapter

Answer: A

QUESTION: 7

Which lists the minimum number of disks required for a new TruCluster implementation?

- A. one private disk for O/S, one shared SCSI disk for clusterwide / (root), /usr, and /var filesystems, one disk for member boot partitions
- B. two private disks for O/S, two shared SCSI disks for clusterwide / (root), /usr, and /var filesystems, two disks for member boot partitions
- C. two private disks for O/S, three shared SCSI disks for clusterwide / (root), /usr, and /var filesystems, one disk for member boot partitions

HP0-704 Demo – 100% Money Back Guaranteed!!!

HP0-704 Demo – Pass-Guaranteed.com

D. two private disks for O/S, one shared SCSI disk for clusterwide / (root), /usr, and /var filesystems, one disk for member boot partitions

Answer: A

QUESTION: 8

Which is TRUE of a multi-instance application?

A. multi-instance applications must use unique files or data

B. multiple instances of any application can run without modification in a cluster

C. access to shared files or data must be synchronized using cluster-wide mechanisms

D. with multi-instance applications, only one instance is active at a time so there is no special synchronization issue

Answer: C

QUESTION: 9

In a two node cluster, when node 2 is shut down, node 1 suspends activity until node 2 reboots. When node 1 is shut down, node 2 suspends activity until node 1 reboots.

What should be added to the cluster configuration to prevent the cluster from suspending activity when one member is shut down?

A. a network interface to each member

B. a local disk to node 2

C. a Memory Channel hub

D. a quorum disk

Answer: D

QUESTION: 10

What is the primary use of the Memory Channel Interconnect in the TruCluster product?

A. Allows a cluster member to set up a high-performance, memory-mapped connection to other cluster members

B. Allows a cluster member broadcast-only communications to other cluster members

C. allows high performance NSF communications to other cluster members

D. allows a cluster member to set up a high-latency, memory-mapped connection to other cluster members

Answer: A
