Loan Amount:

Start month (mm/yy):

Number of payments:

Annual Interest Rate:

Scheduled Payment:

Total Interest:

Export to Excel

Proposed Payment Plan:

No.	Payment Month	Beginning Balance	Scheduled Payment	Total Payment	Principal	Interest	End Balance	Cumulative Interest

Enter loan amount, number of payments, annual interest rate and the start month of the loan. Note: enter the start month of the loan in the mm/yy format (e.g. 11/11). After providing the inputs, the proposed payment plan will be generated automatically. To save the calculation, click on the “Export to Excel” button.
