Air Reservations:

To Access Flight Status, click on **Travel Services** Icon (In My Own/Applications folder) > **Travel Services** > **Air Reservation**

The Air Reservation form will open which will ask for the following inputs:

1. Departure & Arrival City
2. Departure & Arrival date and time
3. Number of adults, seniors and children
4. Flight Class (Coach, Business, First)
5. Trip Type (one way or round trip)
6. Currency of your choice

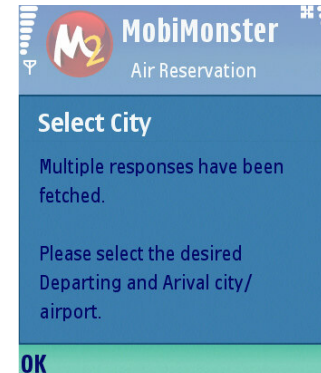

Click **Options** > **Next** to continue

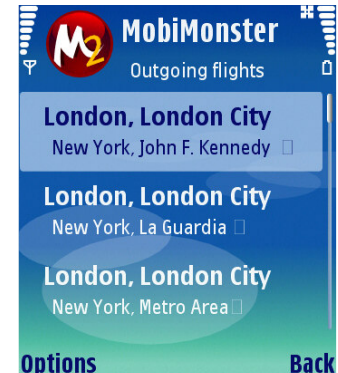

The screenshot shows the MobiMonster mobile application interface for the 'Air Reservation' screen. At the top, there's a header with the MobiMonster logo and a search icon. Below the header, there are input fields for 'Departure City:', 'Arrival City', and 'Departure Date [dd/mm/yyyy]' with the date '04/06/2008' entered. At the bottom, there are two buttons: 'Options' and 'Back'.

If multiple cities are returned for your query, a pop up will appear which will prompt you to select the appropriate cities.

Select the appropriate city pair and press **Options** > **Select & proceed** to continue.

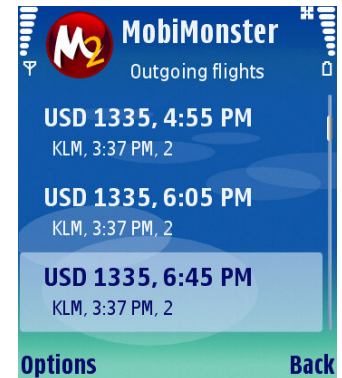

The screenshot shows a 'Select City' pop-up dialog box. It has a title bar with the MobiMonster logo and 'Air Reservation'. The main text says 'Multiple responses have been fetched.' and 'Please select the desired Departing and Arival city/ airport.' (Note the typo 'Arival'). At the bottom, there is an 'OK' button.

The screenshot shows the 'Outgoing flights' screen in the MobiMonster application. It lists three flight options, each with 'London, London City' as the departure city and a specific airport as the arrival city: 'New York, John F. Kennedy', 'New York, La Guardia', and 'New York, Metro Area'. At the bottom, there are 'Options' and 'Back' buttons.

A query dialog will appear which is attempting to download the list of flights for the chosen city pair.

After the query is complete a list of available departure flights will appear.

Click **Options > View Details** to view detailed relating to a particular flight segment.

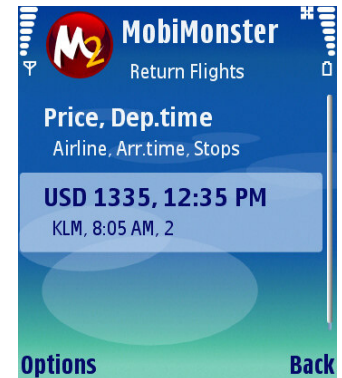

You will be able to view details of carrier, stop-over, airport name, flight times, total price (including taxes) and airline rules. These details are subject to changes as per the individual service provider.

To select and continue, Click **Options > Select & proceed**

A list of return flights will appear.

- To view Flight details, **Click Options > View Details**
- To select and continue, **Click Options > Select & proceed**

You will now be prompted to enter the passenger details, such as Names (as on passport, billing address, shipping address, shipping method)

Enter details, **Click Options > Next** to continue

A confirmation message of your booking will arrive on your phone in **Travel Services > My bookings** and to the email address entered during registration.

Hotel Reservations:

To Access Flight Status, click on **Travel Services** Icon (In My Own/Applications folder) > **Travel Services** > **Hotel Rooms**

The hotel reservations form will appear.

1. Enter the name of the city
2. Arrival and departure date
3. Number of rooms

Press **Options** > **Next** to continue

The screenshot shows the MobiMonster application interface. At the top, there is a header with the MobiMonster logo and a search icon. Below the header, the form displays the following fields: City (Dubai), Arrival Date (10/06/2008), and Departure Date (15/06/2008). At the bottom, there are two buttons: Options and Back.

Field	Value
City	Dubai
Arrival Date [dd/mm/yyyy]	10/06/2008
Departure Date [dd/mm/yyyy]	15/06/2008

Enter number of adults, children, seniors and their ages.

Press **Options** > **Next** to continue.

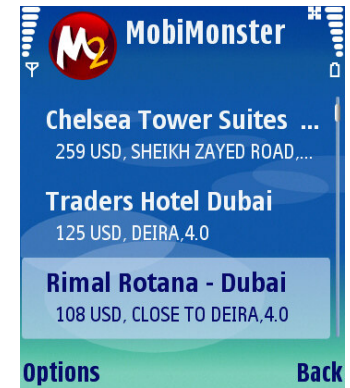

The screenshot shows the MobiMonster application interface. At the top, there is a header with the MobiMonster logo and a search icon. Below the header, the form displays the following fields: No. of Adults (18+) (1), No. of Children (0-17) (0), and First Child Age (if applicable) (0). At the bottom, there are two buttons: Options and Back.

Field	Value
No. of Adults (18+)	1
No. of Children (0-17)	0
First Child Age (if applicable)	0

A list of hotels will appear, with the name of the hotel (auto scrolls), price per night and name of area.

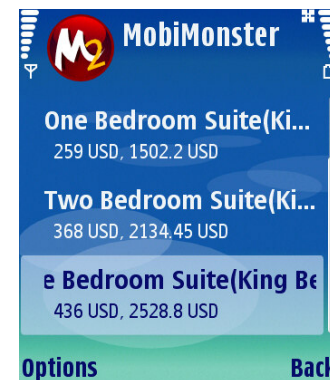

Click **Options > Details** to view rooms types and available prices.

A list of available room types with pricing will appear.

Click **Options > Details** to view property details, nightly pricing, offers (as applicable), cancellation policy, driving directions and more.

(Each individual hotel might send different information on this page, but adhered to the common scheme of atleast providing you with the average nightly rate, area information, cancellation polity, hotel and property information)

Enter details to confirm your reservation.

The details of your reservation will be available under, **Travel Services**
> **My bookings** and an email of the confirmation will also be sent to
email addresses entered during registration.

The image shows a mobile application interface for 'MobiMonster'. At the top, there is a blue header with the 'MobiMonster' logo on the left and a search icon with the text 'Abc' on the right. Below the header, there are three input fields: 'First Name on Credit Card:', 'Last Name on Credit Card', and 'Email [abc@xyz.com]'. At the bottom of the screen, there are two buttons: 'Options' on the left and 'Back' on the right. The background of the app is a gradient of blue and green.

Car Rental:

To Access Flight Status, click on **Travel Services** Icon (In My Own/Applications folder) > **Travel Services** > **Car Rental**

The car reservation form will appear. Enter the following information:

1. City Name
2. Pickup and Drop off date
3. Pickup and Drop off time
4. Currency code

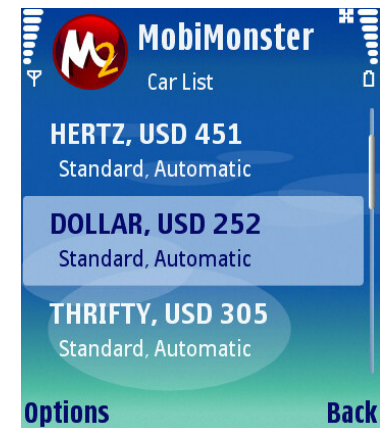

Click **Options** > **Next** to continue

A list of available suppliers, pricing and car type will appear in a list.

Select the appropriate car and click **Options** > **Details** to view more information.

The image shows a mobile application interface for MobiMonster. At the top, there is a header with the MobiMonster logo and a search icon. Below the header, there is a form with the following fields: "City Name:" (with a text input field), "Pick-up Date [dd/mm/yyyy]" (with a date picker showing 04/06/2008), and "Drop-off Date [dd/mm/yyyy]" (with a date picker showing 04/06/2008). At the bottom of the form, there are two buttons: "Options" and "Back".

The image shows a mobile application interface for MobiMonster, displaying a list of car rental options. The header includes the MobiMonster logo and the text "Car List". The list contains three entries, each with a company name, price, and car type: "HERTZ, USD 451 Standard, Automatic", "DOLLAR, USD 252 Standard, Automatic", and "THRIFTY, USD 305 Standard, Automatic". The "DOLLAR" entry is highlighted. At the bottom, there are two buttons: "Options" and "Back".

The details of the selected car will appear in a different screen.

Click **Options** > **Next** to continue.

You will now be directed to the reservation form. Please enter details as requested to complete the reservation.

The details of your reservation will be available under, **Travel Services** > **My bookings** and an email of the confirmation will also be sent to email addresses entered during registration.

The image shows a mobile application screen titled "MobiMonster" with a "Car Details" header. The screen displays the following information: Company: DOLLAR; Car Details: Type: Car, Description: Standard, Car, Automatic, Air Conditioning; Pick-up: Dubai, Drop-off: Dubai; Pick-up Date: 6/15/2008. At the bottom, there are two buttons: "Options" and "Back".

Company	DOLLAR
Car Details	
Type	Car
Description	Standard, Car, Automatic, Air Conditioning
Pick-up	Dubai
Drop-off	Dubai
Pick-up Date	6/15/2008

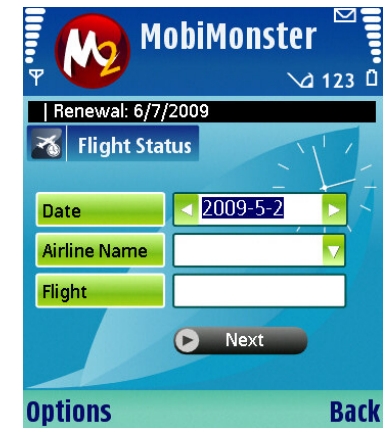

The image shows a mobile application screen titled "MobiMonster" with a reservation form. The form has three input fields: "First Name on Credit Card:", "Last Name on Credit Card", and "Email [abc@xyz.com]". At the bottom, there are two buttons: "Options" and "Back".

First Name on Credit Card:
Last Name on Credit Card
Email [abc@xyz.com]

Flight Status

To Access Flight Status, click on **Flight Services** Icon (In My Own/Applications folder) > **Flight Status**

1. To select date of arriving/departure flight, move the **right or left** joystick of your phone.
2. Enter the Airline Name (not code). For example: If you are tracking British Airways Flight 111, enter *Bri* in the *Airline Name Entry Box* and press the **down key**. A list will automatically open which will display the names of all matching carriers. Select the appropriate Airline name and press **OK** to come out of the list.
3. Enter Flight number.
4. Press the **down** Key so that the *Next* button highlights.
5. Press **OK** to send your query.

Flight Schedules:

To Access Flight Schedules, click on **Flight Services** Icon (In My Own/Applications folder) > **Flight Schedules**

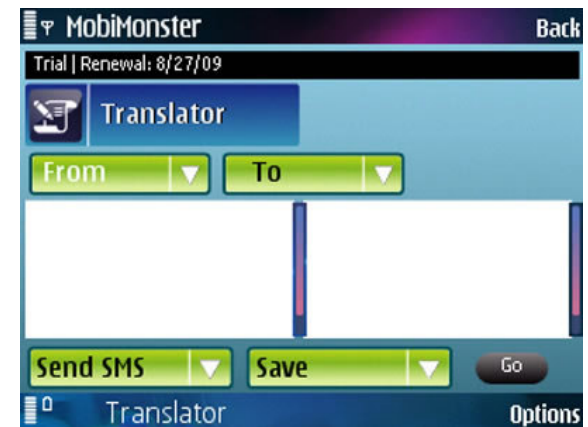

1. In Departure entry box, enter the first three letters of your departure city and press the **down** key. A list will automatically open which will display the names of all matching cities/airports. Select the appropriate City/Airport name and press **OK** to come out of the list.
2. Repeat the same process for the Arrival City.
3. Select the date of your intended departure.
4. Select the date of your intended arrival (optional)
5. Press the **down** Key so that the Next button highlights.
6. Press **OK** to send your query.

The screenshot shows the MobiMonster application interface for flight schedules. At the top, it says 'MobiMonster' and 'Back'. Below that, it says 'Trial | Renewal: 8/27/09'. The main title is 'Schedule'. There are four input fields: 'Departure', 'Arrival', 'Dep. Date', and 'Return'. Each field has a green button with a dropdown arrow. The 'Dep. Date' and 'Return' fields are pre-filled with 'MM', 'DD', and '08'. A 'Next' button is located to the right of the 'Return' field. At the bottom, there is a search bar with 'Abc' and an 'Options' button.

Translate Text:

To Access Translate Text, click on **Translate Text** Icon (In My Own/Applications folder)

1. In the "From" drop down, click the **OK** button for a list of applicable languages.
2. Select the appropriate language, and press **OK**.
3. Click on the **Right** Joystick Key to come to the "To" drop down.
4. Click the **OK** button for a list of applicable languages.
5. Select the appropriate language, and press **OK**.
6. Click the **Down** Joystick Key and enter text for translation.
7. If you wish to receive this translation result by SMS, Click on the "Send SMS" drop down and select **Yes**.
8. If you wish to save this translation result on your phone, Click on the "Save" drop down and select **Yes**.
9. Please note that you will receive the SMS and the entry will be saved by default for all your translations.
10. Move the **Right** Joystick key until you come to Next.
11. Press **OK** to view the result.

Secure Space:

To Access Mobile Sharing, click on **Secure Space** Icon (In My Own/Applications folder)

This will open Password Screen. Enter your password. **Note:** For first time users: the password is A. You will then be prompted to change the password.

1. Press the **Down** Joystick Key till "Next" is highlighted and press the **OK** key to proceed.
2. A list of entries will appear which hold your personal information.
3. To create a new Secure Store: Click **Options > New** and select the type of list that you would like to create. You can use one of the pre-defined lists or make a custom list.
4. To open an existing Secure Store: Select the store by highlighting in the list, and press the **OK** key.
5. To Add a new entry in a list: Click **Options > Add New**. Enter the name of the Label and value. Press **OK** to save this entry. A confirmation dialog will appear: New Record added.
6. To edit an existing label: Click **Options > Edit Label**. Enter the new label name and press OK to confirm the changes.
7. To edit an existing value: Move the joystick to the desired field and type the new value.
8. To save a file: Click **Options > Save**.

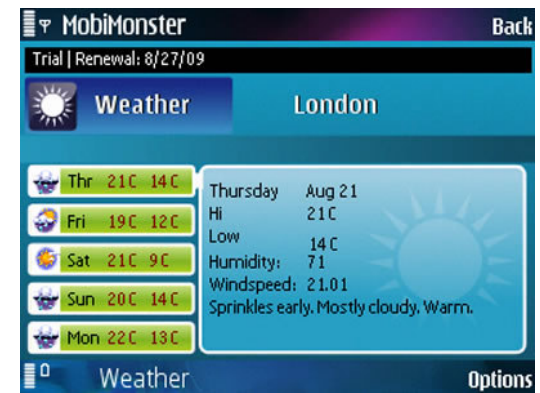

Weather:

To Access Weather, click on **Weather** Icon (In My Own/Applications folder)

1. To enter a city, **Click Options > Change City.**
2. Enter the City Name.
3. Press **OK.**
4. To update the weather on your phone, Click **Options > Update.**
5. To schedule weather by SMS: Click **Options > Weather by SMS >** Read the display text and Press **Next** to continue **> Enter the desired time to receive the SMS.** Click **OK** to save settings.

You will now receive weather by SMS for the next 5 days. To continue to receive the SMS, please update the weather after 5 days.

Currency:

To Access Currency, click on **Currency** Icon (In My Own/Applications folder)

By default the conversion rates are displayed between Euro (EUR), United States Dollars (USD) and British Pounds (GBP).

To change the currencies displayed (for Eg: Euros), **Click Options > Change Currency > EUR**

This will open a list of available currencies. Browse and press OK to select currency.

To update Currency database, **Click Options > Update.**
