11	ZIPCODE_FREQUENCY	NCHAR(3)	Percent frequency of ZIP code occurrence.

1. NPA
Three-digit North American Numbering Plan Area Code for the exchange. Widely known as Area Code.

2. NXX
Three digit local telephone number exchange (Central Office Code Assignment) within the NPA. Generally 201 thru 999 (N=2-9, X=0-9).

3. COUNTRY
Two character International Standard ISO 3166-1 Country Code for the NPA/NXX Wire Center location.

    US - United States
    CA - Canada
    BS - Bahamas
    BB - Barbados
    AI - Anguilla
    AG - Antigua and Barbuda
    VG - Virgin Islands, British
    KY - Cayman Islands
    BM - Bermuda
    GD - Grenada
    TC - Turks and Caicos Islands
    MS - Montserrat
    LC - Saint Lucia
    DM - Dominica
    VC - Saint Vincent and the Grenadines
    DO - Dominican Republic
    TT - Trinidad and Tobago
    KN - Saint Kitts and Nevis
    JM - Jamaica

4. STATE
Two letter USPS state abbreviation (US, Canada and US territories) for the NPA/NXX Wire Center location.

5. CITY
Name or general location of the NPA/NXX Wire Center.

6. COUNTY
County name of the NPA/NXX Wire Center.

7. COUNTY_POPULATION
Estimation of county population based on Census 2000.

8. FIPS_COUNTY_CODE
Five digit United States Census Bureau assigned Federal Information Processing System (FIPS) County Code that identifies the county locaction of the NPA/NXX. (United States only)

9. ZIPCODE_POSTALCODE

Primary United States ZIP Code or Canadian postal code associated with the NPA/NXX.

10. ZIPCODE_COUNT

Approximate number of actual ZIP Code occurrences within NPA/NXX. If actual count unknown, 0 is found in the field.

11. ZIPCODE_FREQUENCY

Percent frequency of occurrence of this ZIP Code in the central office coverage area (United States only). If -1 is found in field and ZIP code presents, it is the most frequent but % unknown. If -1 is found but ZIP code absent, the ZIP code frequency is unknown due to absence of ZIP code. If -2 is found and ZIP code presents, it is second most frequent but % unknown.
