

OPCDA.NET Evaluation Download

The download of the **OPC DA .NET Client Component** evaluation requires a simple sign-up with a valid email address.

The Evaluation package is password protected.

The password will be emailed to the address specified in the sign-up dialog.

The OPCDA.NET evaluation is a complete development package including documentation and sample applications. The only evaluation restriction is the 30 minutes run-time restriction.

Applications stop working after 30 minutes run-time and need to be restarted.

The evaluation software may be used for evaluation and testing purposes only. Distribution in any form is NOT allowed.

Licensed product versions may be integrated into customer applications and be distributed as part of these applications, free of any royalty fee charges. Distribution in any other form is NOT allowed.

To start the download, go to: <http://www.advosol.us/pc-1-3-opcdanet.aspx#ProductInfo>.

Then add the evaluation license to the shopping cart and go through checkout.

The download file is a password protected setup EXE file.

The required password is listed in the confirmation email that is sent to the address specified in the sign-up dialog.
