Study Tips

This product will provide you with questions and answers carefully compiled and written by our Expert Senior Certified Staff. Our practice questions are designed to help you learn the concepts behind the questions rather than be a strict memorization tool.

Important Note:

Please Read Carefully

Repeated readings of our Pass-Guaranteed.com Practice Exam will increase your comprehension. We constantly add to and update our Practice Exams with new questions, answers and explanations, so check that you have the latest version of this Practice Exam before you take your exam.

For security purposes, each PDF file is encrypted with a unique serial number associated With your Pass-Guaranteed.com account information. In accordance with International Copyright Law, Pass-Guaranteed.com reserves the right to take legal action against you should we find copies of this PDF file distributed to other parties.

Update Notifications (Latest Version)

We are constantly reviewing our products. New material is added and old material is revised. Free Updates are available for 180 days after purchase. If you purchased a bundle, you will have Free Updates for 1 YEAR!

You can signup to our newsletter for instant notification whenever an update is released by becoming a Pass-Guaranteed.com member at: <http://www.pass-guaranteed.com/log.htm>

By becoming a Pass-Guaranteed.com member, you also get a chance to win a FREE Practice Exam of your choosing. We give away 3 Pass-Guaranteed.com Practice Exams every week to 3 lucky winners.

Pass-Guaranteed.com Product Specials

Pass-Guaranteed.com Custom Bundle Requests, cover all Pass-Guaranteed.com Products!!! You can visit our Special Bundle Discounts from Pass-Guaranteed.com or make your own Custom Bundle Request with Pass-Guaranteed.com here: <http://www.pass-guaranteed.com/bundles.htm>

*Pass-Guaranteed.com Custom Bundle Request Form let's you create your own Bundle Of Products!!! You can select and group any of our products for your Custom Bundle and we will give you up to a **50% Discount** on your Custom Bundle Package. This includes our [Practice Test Questions](#), [Online Course Tutorials](#), [Study Guides](#), [Lab Scenarios](#) and our [Certified Online Instructor](#) service.*

Please visit: <http://www.pass-guaranteed.com/custom-request.htm> If you would like to purchase a Custom Bundle from Pass-Guaranteed.com.

HP0-052 Demo – 100% Money Back Guaranteed!!!

HP0-052 Demo – Pass-Guaranteed.com

QUESTION: 1

A customer with under-utilized x86 servers running Linux would like some hardware for a new high-value application running on HP-UX.

What should you propose to the customer to address these needs?

- A. Replace existing hardware with HP 9000 servers.
- B. Consolidate onto Integrity servers using migration services.
- C. Use upgrade services from HP to determine the correct approach.
- D. Consolidate existing applications onto fewer servers and reuse the remaining servers for the new application.

Answer: B

QUESTION: 2

A customer is worried about investing in HP Integrity servers because the IBM representative said that the Itanium 2 processor will go out of production due to low independent software vendor (ISV) support.

Which responses are correct for this concern? (Select TWO)

- A. More than 7000 ISVs are developing software for the Itanium 2 processor and the number is growing.
- B. HP Integrity Virtual Machine will enable the customer to run any x86 application without performance loss.
- C. The roadmap for HP Integrity servers indicates that future processor developments will be included in the customer's business plans.
- D. Even though there are only 3,000 ISVs developing software to run on Itanium 2 processors, they cover every needed type of application.

Answer: A, C

QUESTION: 3

The Developer and Solution Partner Program (DSPP) is a resource for system integrators, ISVs, and developers that provides access to partner resources.

What type of information can you get from the DSPP? (Select THREE)

- A. migration and porting
- B. customer equipment listing
- C. reseller locator
- D. technical documentation
- E. detail-level design (DLD)

Answer: A, C, D

QUESTION: 4

What functionality does the HP Performance Quick Reference Tool (PQRT) provide?

HP0-052 Demo – 100% Money Back Guaranteed!!!

HP0-052 Demo – Pass-Guaranteed.com

- A. generates customized, customer-specific document outputs such as letters
- B. provides a method and framework to approach transition planning and design
- C. analyzes, compares and displays the results of the systems selected by the user
- D. estimates the maximum configurations or the maximum capability of the system

Answer: C

QUESTION: 5

Your customer wants a Proof of Concept including performance benchmarking for a small installation.

Which HP services can provide this? (Select TWO)

- A. HP TestDrive
- B. HP Solution Demo Portal
- C. HP Intel Solution Center
- D. HP Transition Consulting Workshop
- E. HP 9000 Consulting Sessions and Workshops

Answer: A, C

QUESTION: 6

What is a benefit of using a hard partition on HP Integrity cell-based systems?

- A. unlimited scalability for CPU, memory, and I/O within a system
- B. flexible and dynamic resource assignment to different nPars within a system
- C. software and hardware isolation between multiple nPars in case of failure and maintenance
- D. capable of running different operating system instances within the same nPar without additional software

Answer: C

QUESTION: 7

Your customer wants to create virtual server environments within an HP Integrity rx4640 HP-UX server. He is interested in using Integrity Virtual Machines for this.

Which additional option should you propose during the design phase?

- A. network cards for greater throughput
- B. dedicated processors for each virtual machine
- C. dedicated core-I/O cards for each virtual machine
- D. an external storage area network (SAN) array for each machine image

Answer: A

QUESTION: 8

You are using the HP ISV Application Status Report Tool to determine if a customer's chosen applications are supported on the hardware and software.

HP0-052 Demo – 100% Money Back Guaranteed!!!

HP0-052 Demo – Pass-Guaranteed.com

What is important to keep in mind? (Select TWO)

- A. Some products may have other dependencies.
- B. Information is provided under a non-disclosure agreement (NDA).
- C. There is no information related to OpenVMS available through this tool.
- D. There is no information related to Linux or Windows available through this tool.
- E. Color-coding according to chip type enables quick scanning of supported options.

Answer: A, B

QUESTION: 9

Your customer wants to upgrade their IT environment.

What must you do when gathering information about the customer's existing infrastructure?

- A. Identify existing contracts and validate them with the contract administration group.
- B. Identify the existing management and administration model and validate the customer's market position.
- C. Identify the existing server and storage environment for hardware revision levels and update to the latest version.
- D. Identify the existing server, storage, application, management, administration, contracts, system, and site diagrams.

Answer: D

QUESTION: 10

Which statements reflect the advantages of the HP approach to server management? (Select TWO)

- A. Virtual and physical servers are managed identically.
- B. Out-of-band management is the default on all HP servers.
- C. The same management client is used for all operating systems.
- D. The same management application is used to manage low-end and high-end platforms.
- E. The HP Systems Insight Manager (HP SIM) application can run on all operating systems supported on HP Integrity servers.

Answer: A, D
