license installation.

4. Now Close PowerPoint and re-open it again. Check PowerCom > Help > About PowerCom and, you will see that the PowerCom license has been upgraded.

Notes:

1. When you remove the Dongle, PowerCom will become a trial version.
2. Plugging in Dongle will activate PowerCom license.
3. Please do NOT remove Dongle during slide show.
4. Please secure Dongle. You have to pay full price to obtain a new Dongle if you lose the Dongle.
5. If your Dongle is found defective, DSI will ship you a replacement Dongle free of charge.
6. Dongle only works with the authorized PowerCom version and keypad count. To perform PowerCom version upgrade, you must follow the upgrade procedure in the user manual.
7. Please contact PowerCom customer service to obtain the emergency spare CD key as a backup for license protection.
