

## Remove Symbols & Spaces

The Remove Symbols and Spaces custom formulas automatically search the contents of cell and remove the non alpha numeric characters and/or blank spaces.

1. Go to the DBI Tools add in menu and select "Remove Symbols and Spaces"
2. Select the function you wish to use

Formula results:

	A	B
1		
2		
3	(310) 555-1234	3105551234
4		310 5551234
5		(310)555-1234
