The Candidate Selection Process

The key to a good match between a candidate and client is a thorough selection process. At Town & Country Resources, each search includes five steps:

- 1. Needs Assessment.** We assign a trained Placement Counselor who works closely with you to identify your needs.
- 2. Custom Search.** Your Placement Counselor begins searching for candidates that match your ideal criteria.
- 3. Screening.** We screen and interview potential candidates before you meet them and we assist you with interview techniques.
- 4. Documentation.** Once you select a candidate, we help you finalize a work agreement and provide you with legal and tax guidelines for employers.
- 5. Post-placement Support.** Our services don't stop after we place your selected candidate. We want to create an ongoing, mutually beneficial relationship with you.

"I struggled for months to find a Personal Assistant on my own. Once I called Town & Country Resources, my search got much easier. Their pre-screening process saved me a lot of time and made me feel secure in my final selection."
