

# ZIG ZAG

Move the digger in the maze using the arrow keys. Use the spacebar to start the game and the key k to kill the player.

Collect all the diamonds in the maze to open the gate to the next level.

Use the rock to crush enemies but not be crushed yourself. When rocks fall higher than one step, they crumble and are gone forever. Be careful, rocks can crush diamonds too.

It can move horizontally only.

It can move vertically only.

It can move in one direction only. When it approaches the player, changes direction.

It can move both horizontally or vertically.

It can move both horizontally or vertically. When it approaches the player, after a few seconds detonates.

It can move both horizontally or vertically. It changes direction only when it can not move where is facing. When it approaches the player, spits flames. Be careful, flames can crush diamonds.

It blocks your way. It can not be destroyed.

It blocks your way. Flames can destroy it.

It blocks your way. It is destroyed when all enemies in a level are killed.
